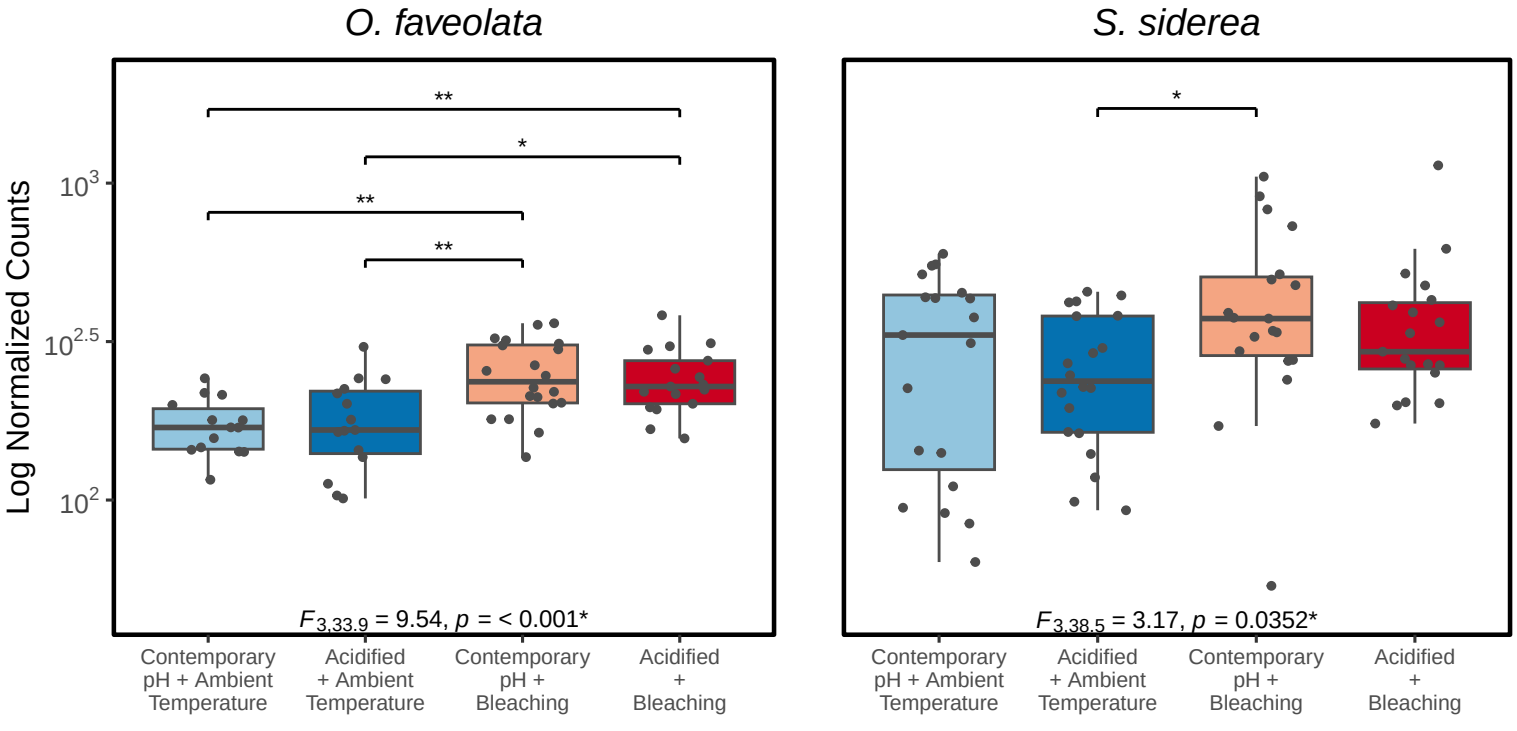
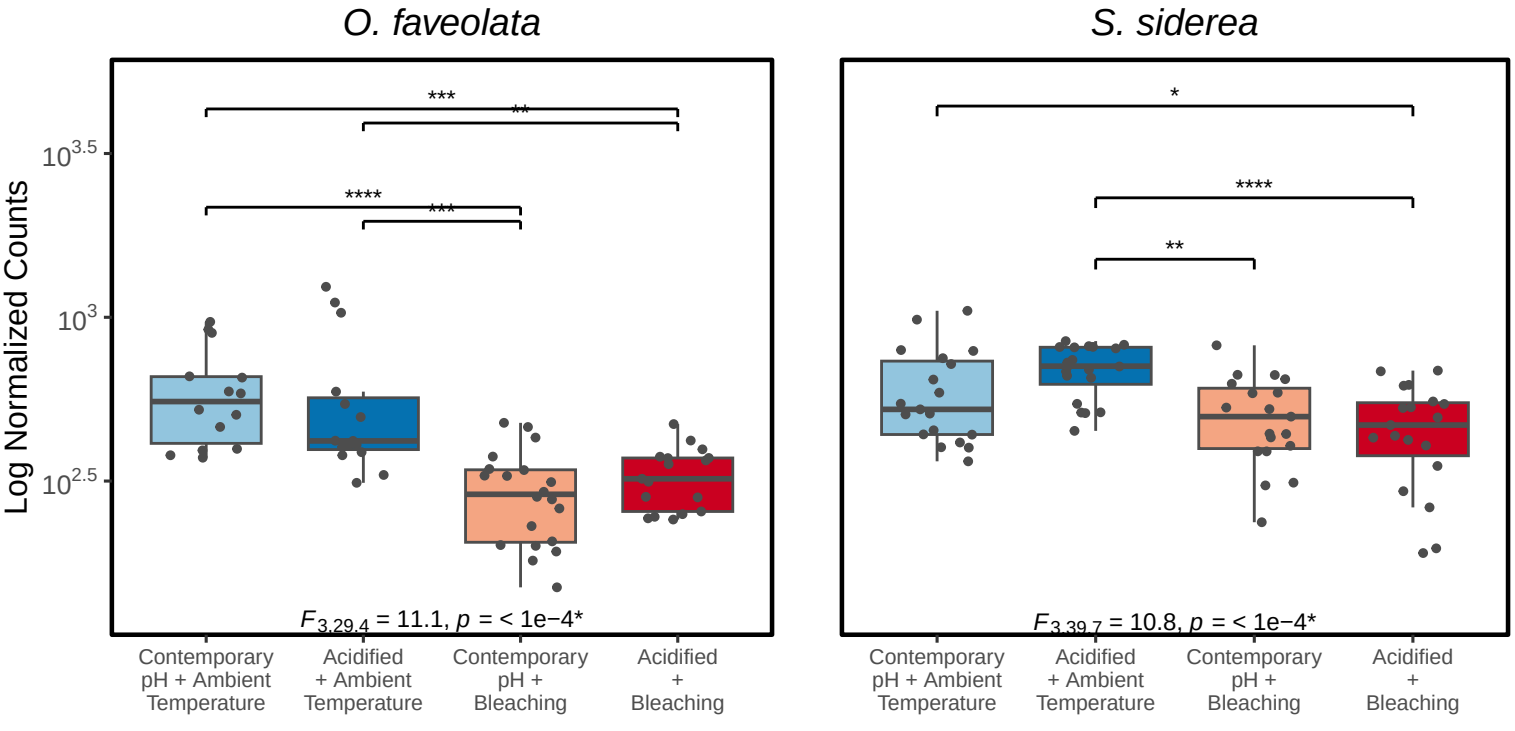
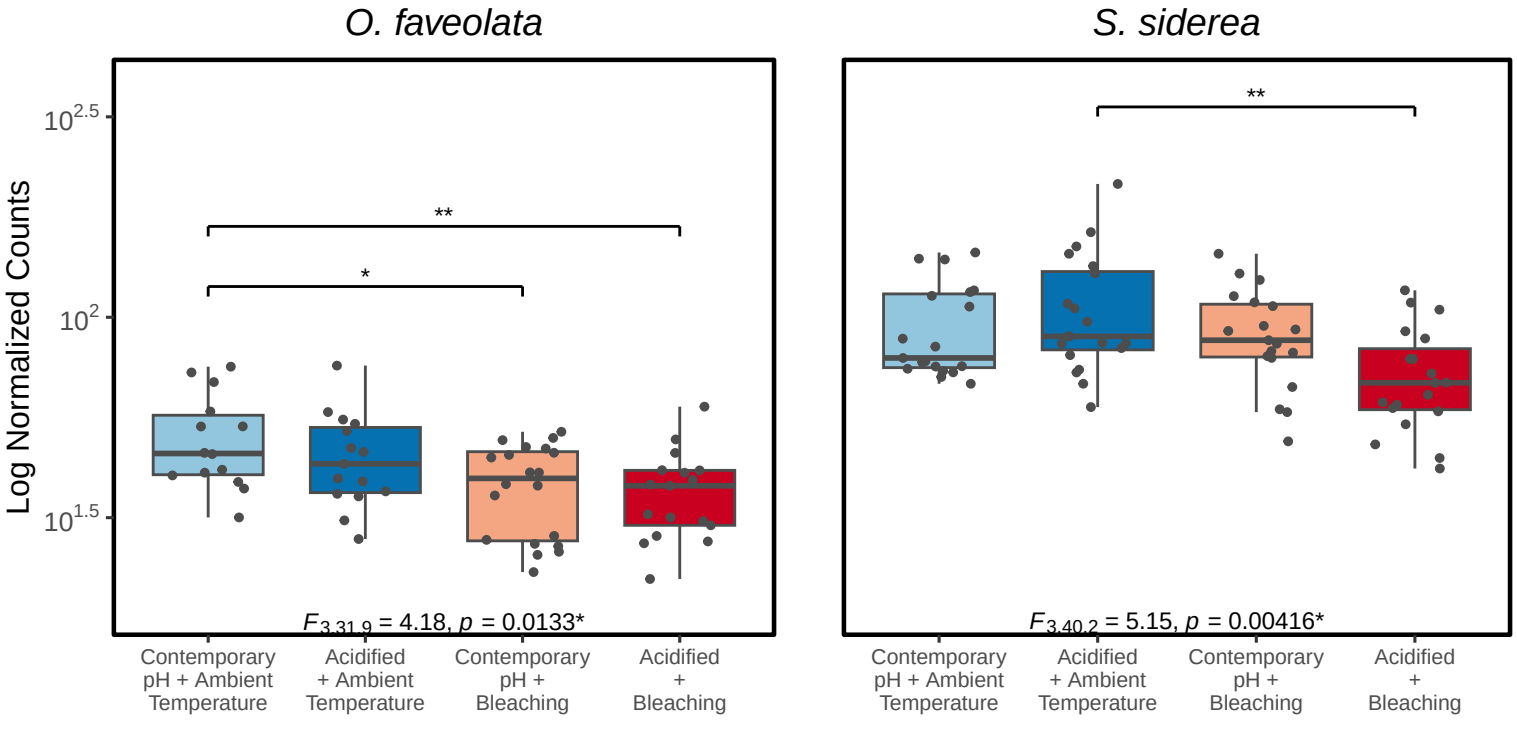
Poly (ADP−ribose) polymerase (OG0000709)



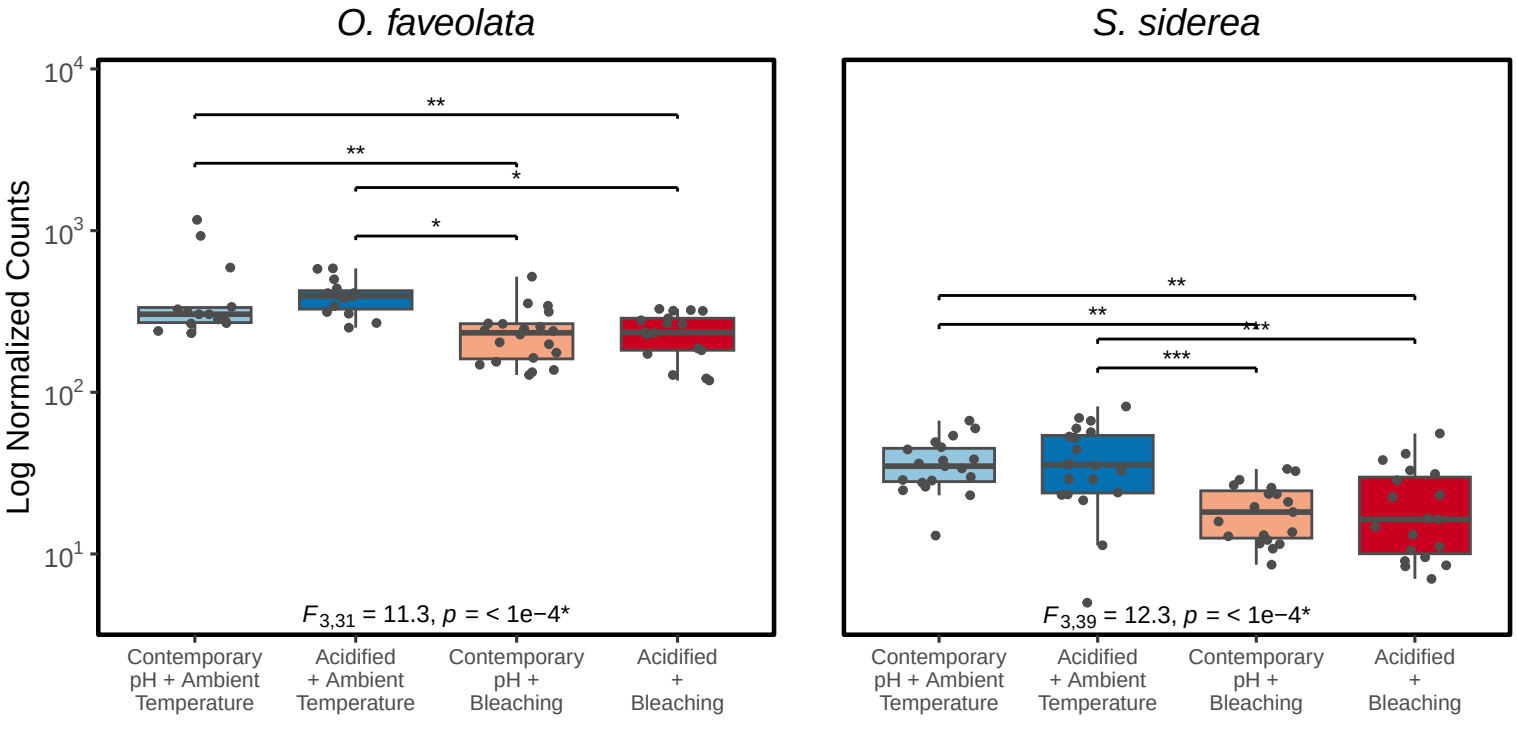
Pri−miRNA transcription by RNA polymerase II (OG0006344)



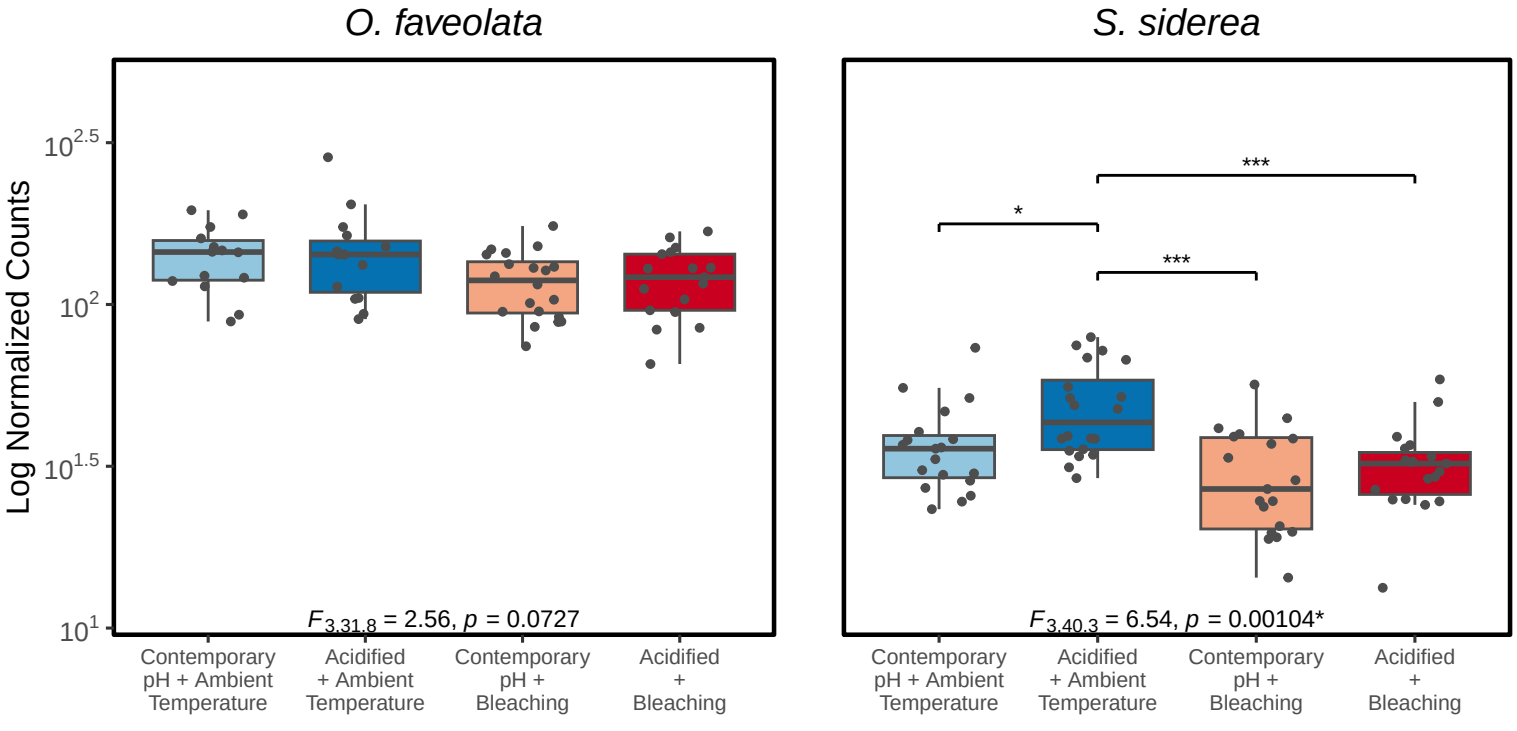
DNA−directed RNA polymerase (OG0006543)



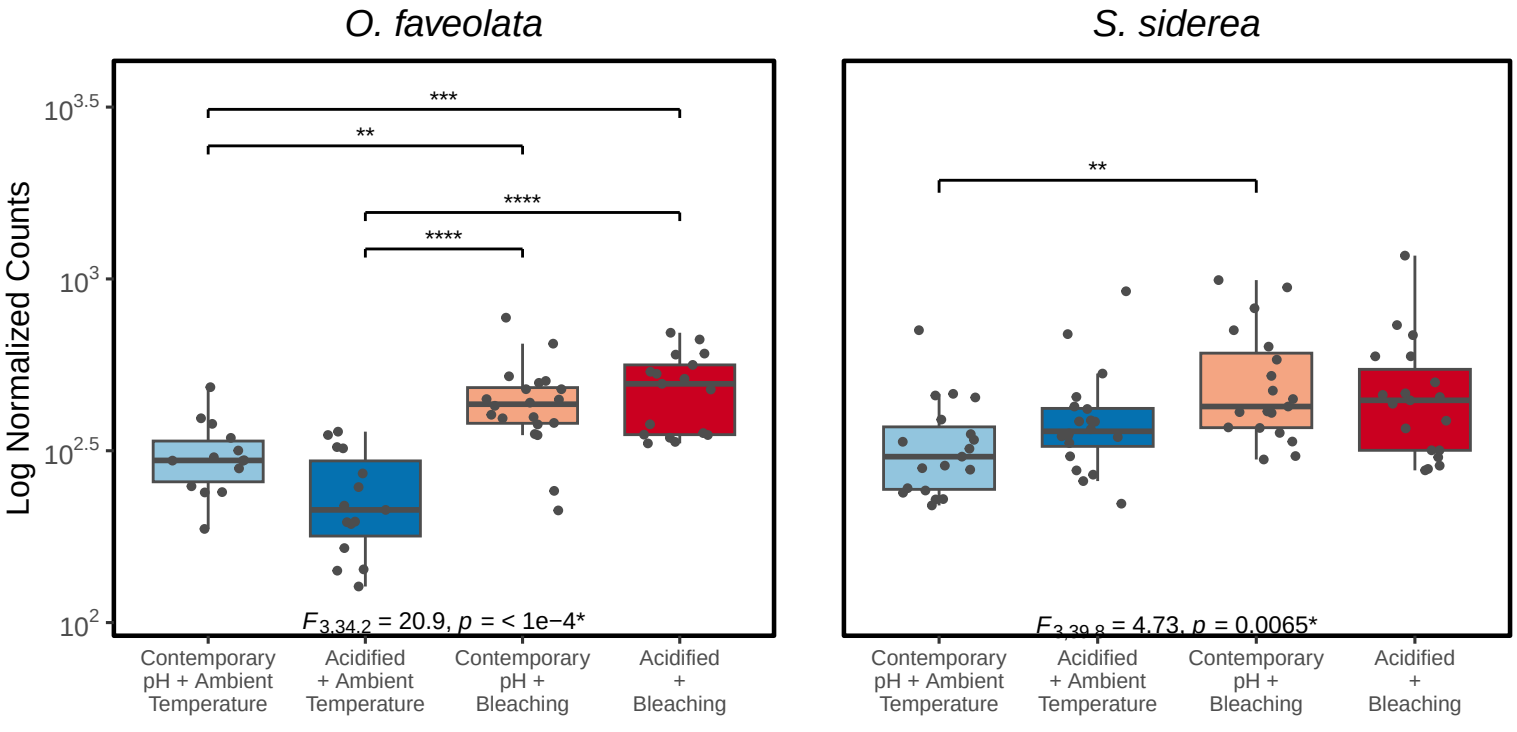
RNA polymerase II DNA−binding transcription factor (OG0007582)



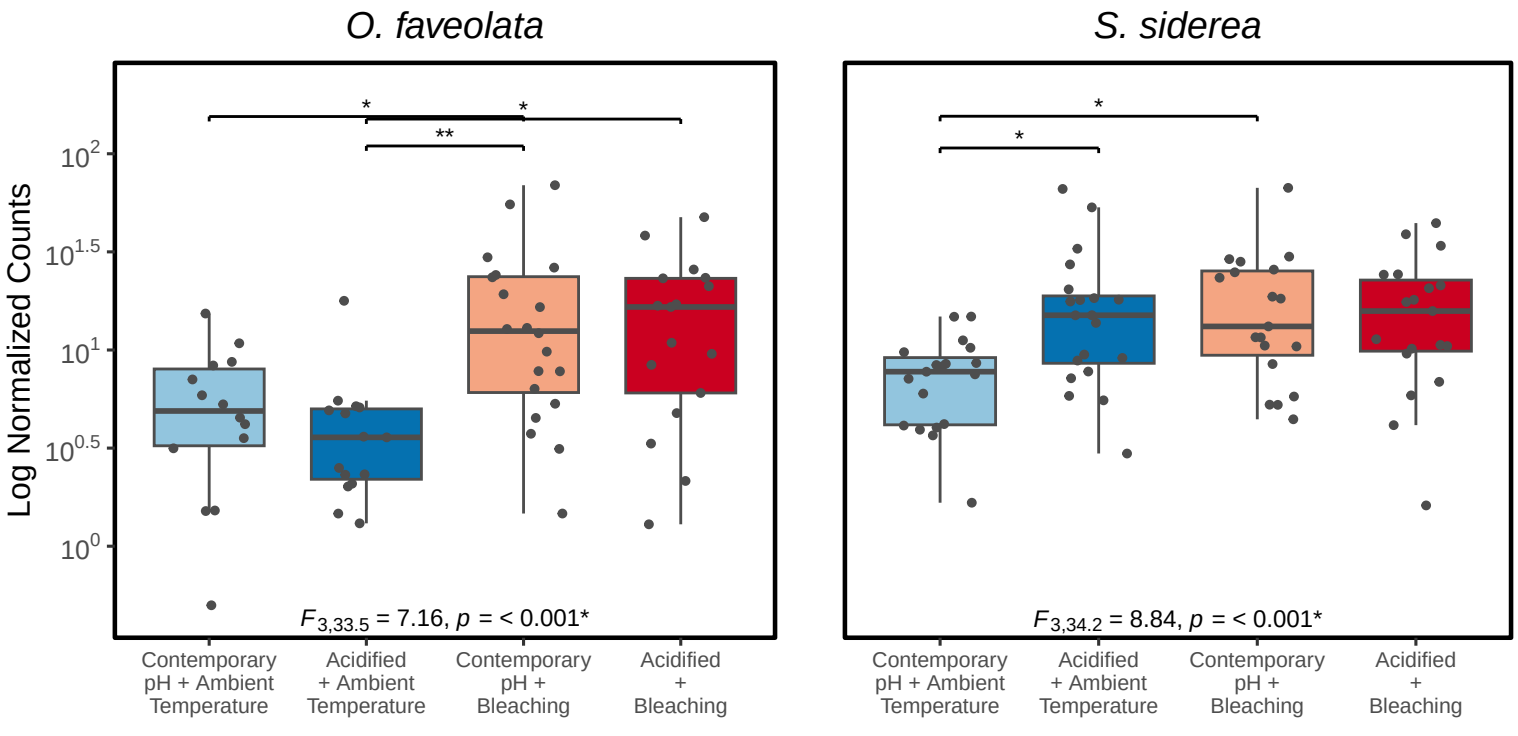
Transcription by RNA polymerase III (OG0012794)



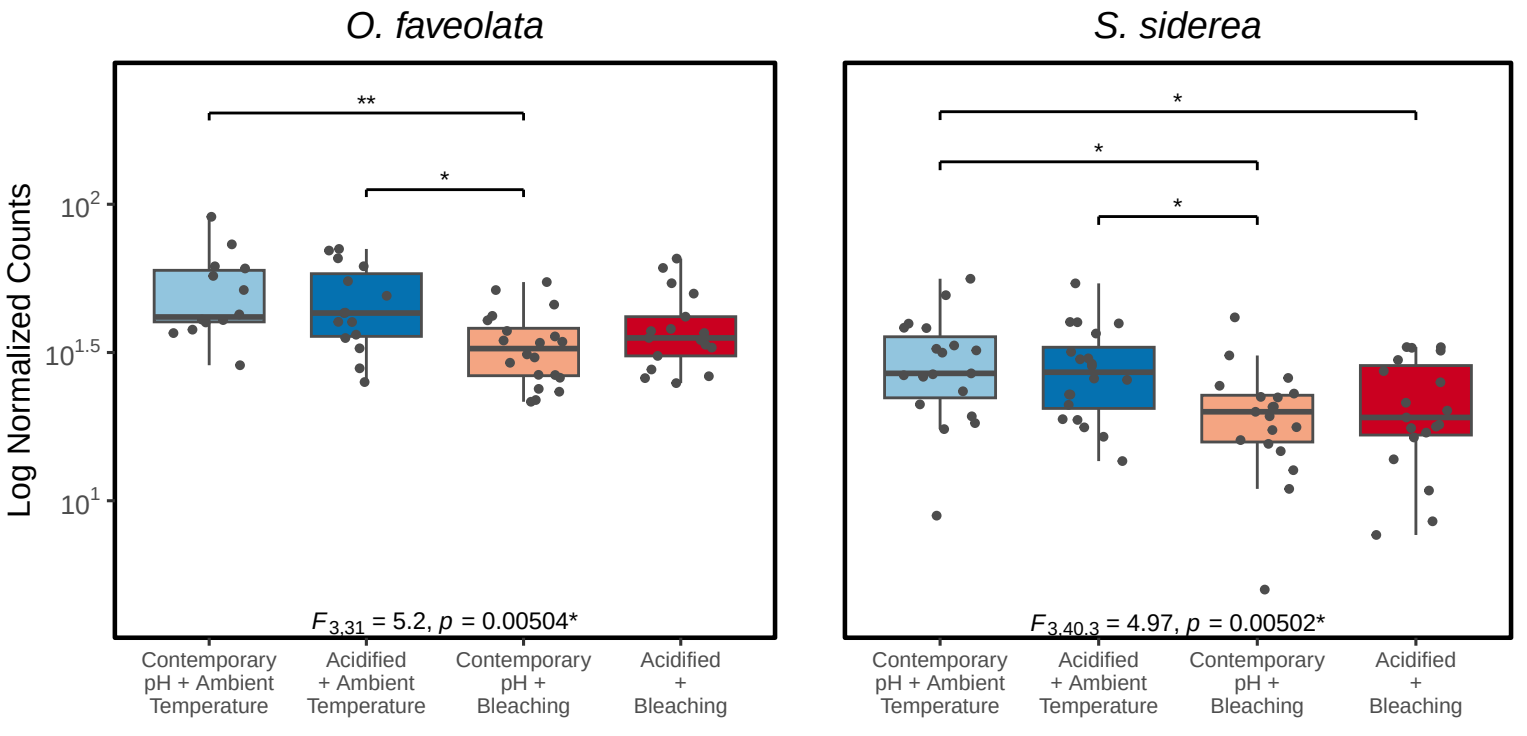
HSP (OG0000365)



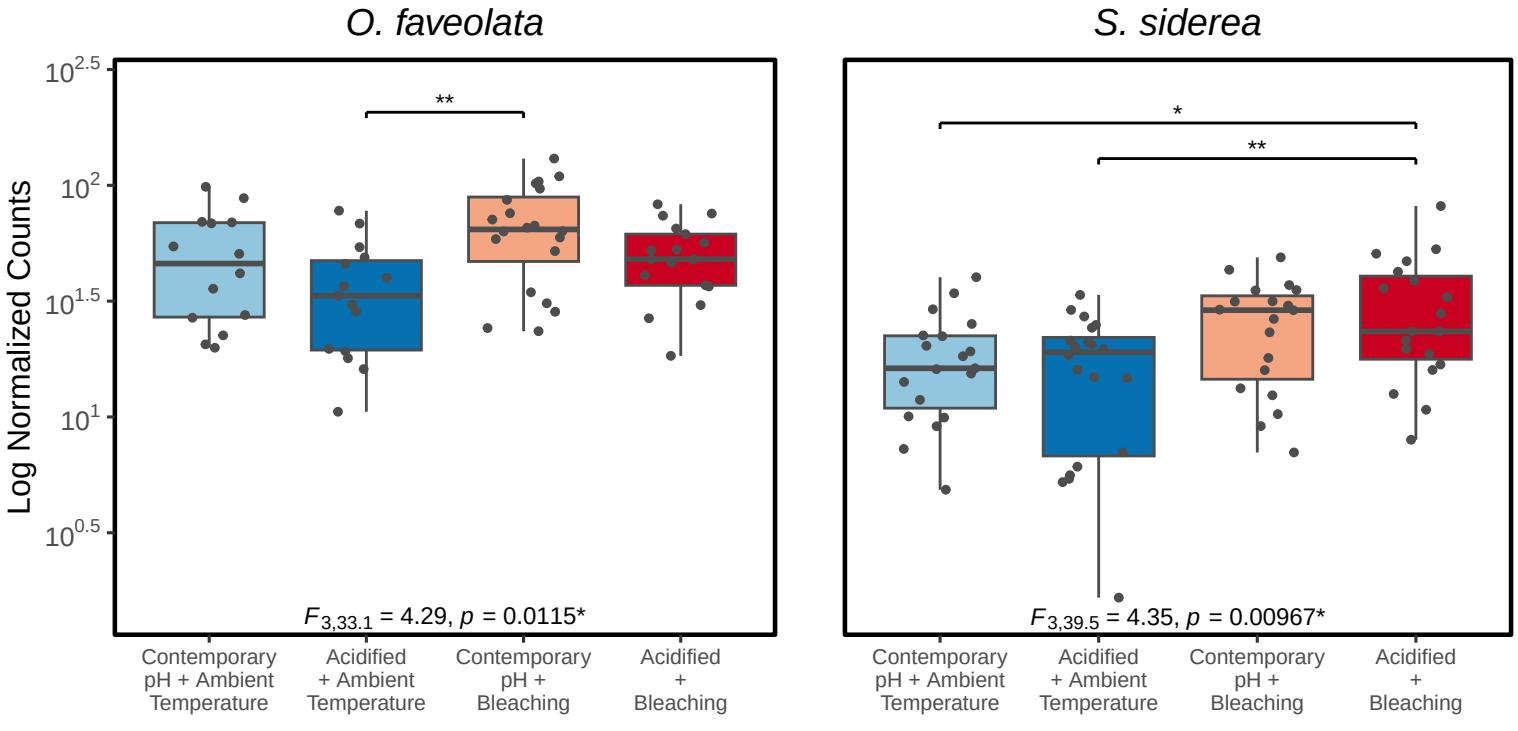
HSP 20 (OG0007881)



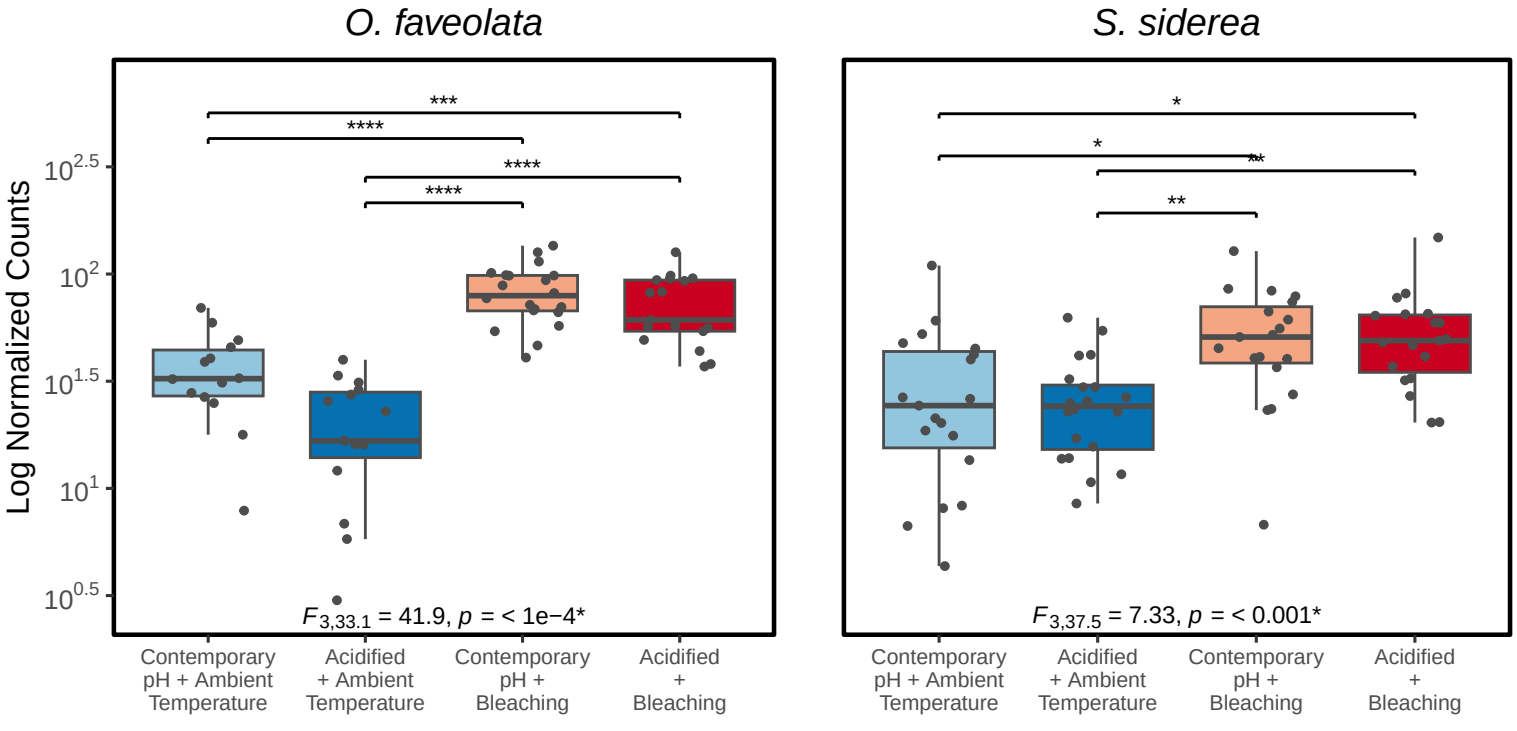
HSP 70 (OG0011499)



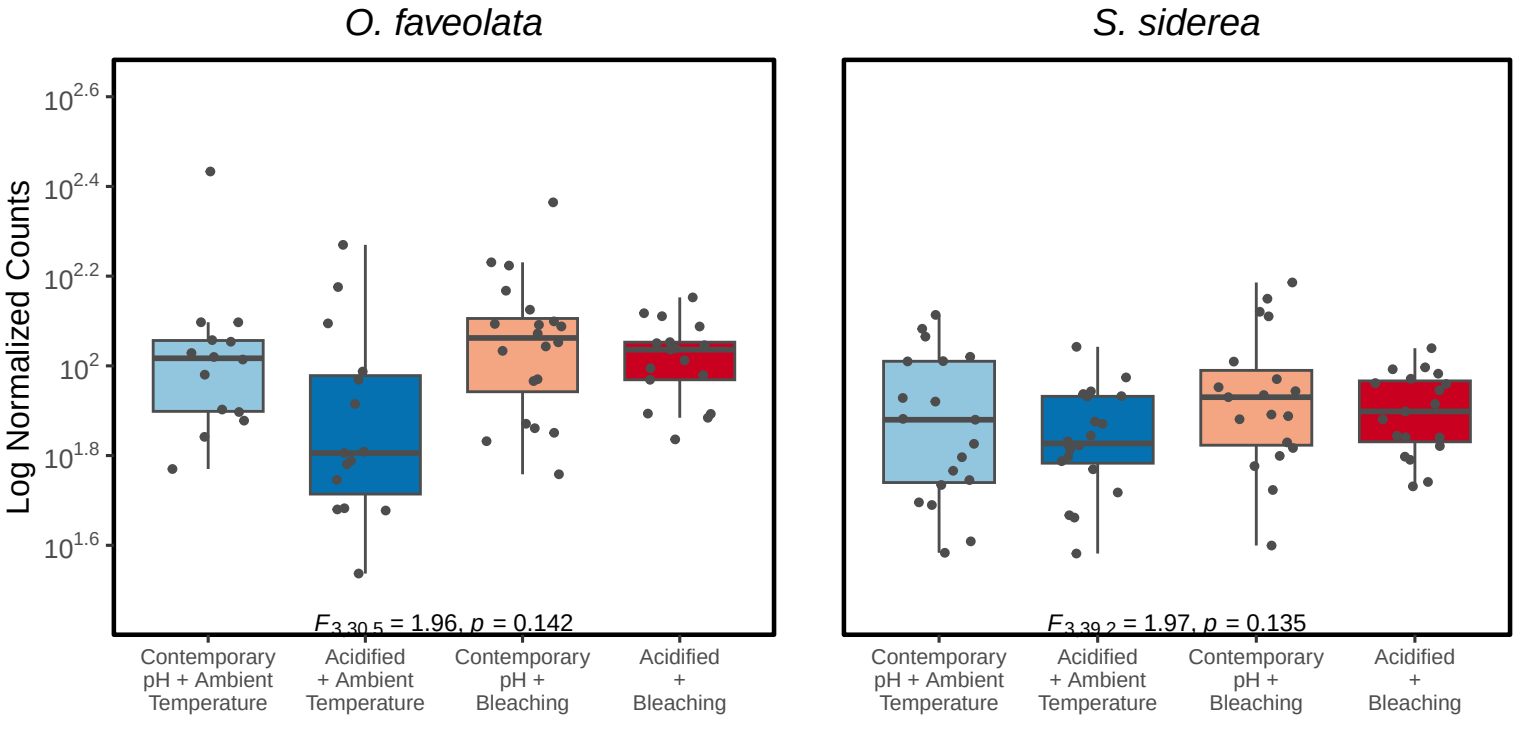
TNF receptor−associated factor (OG0002897)



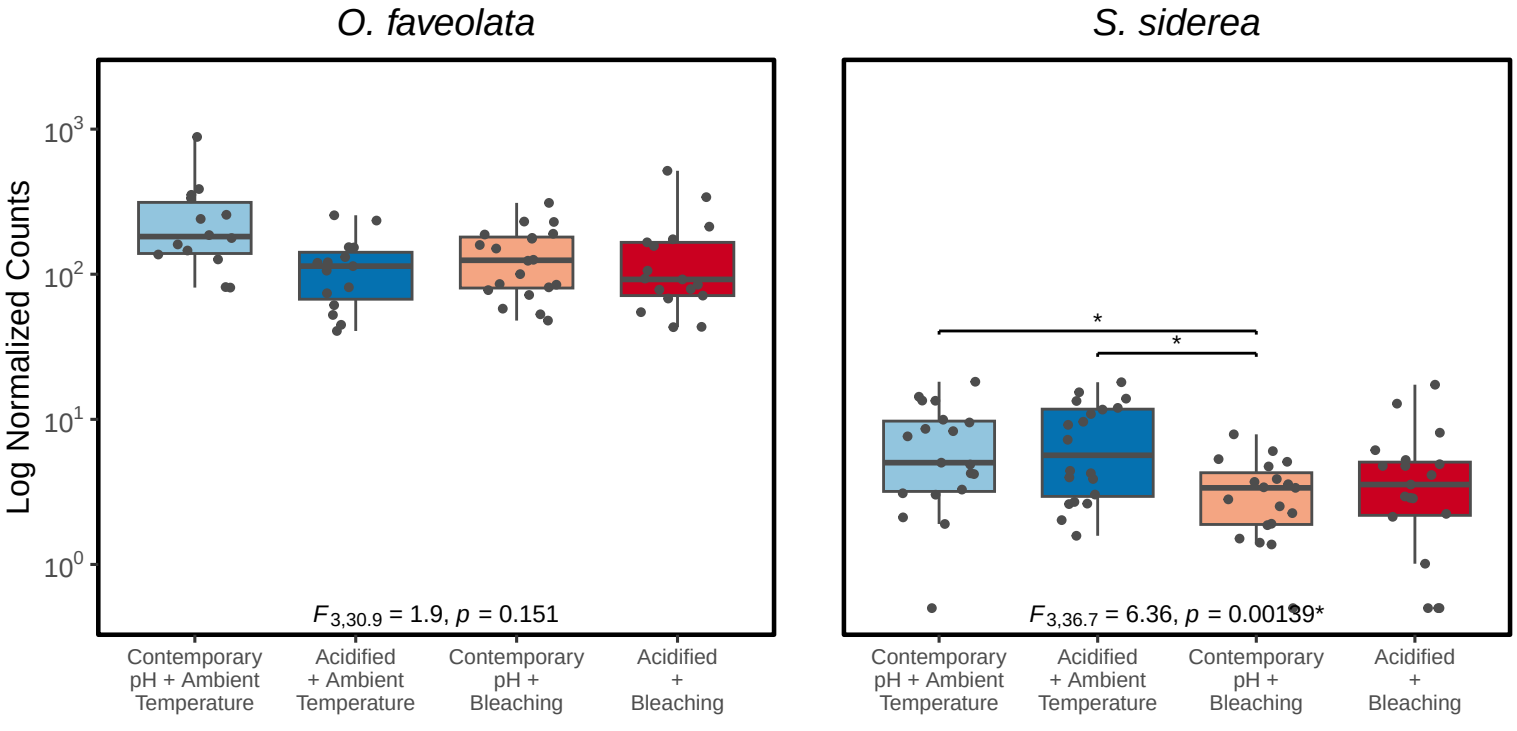
TNF receptor−associated factor 2 (OG0003165)



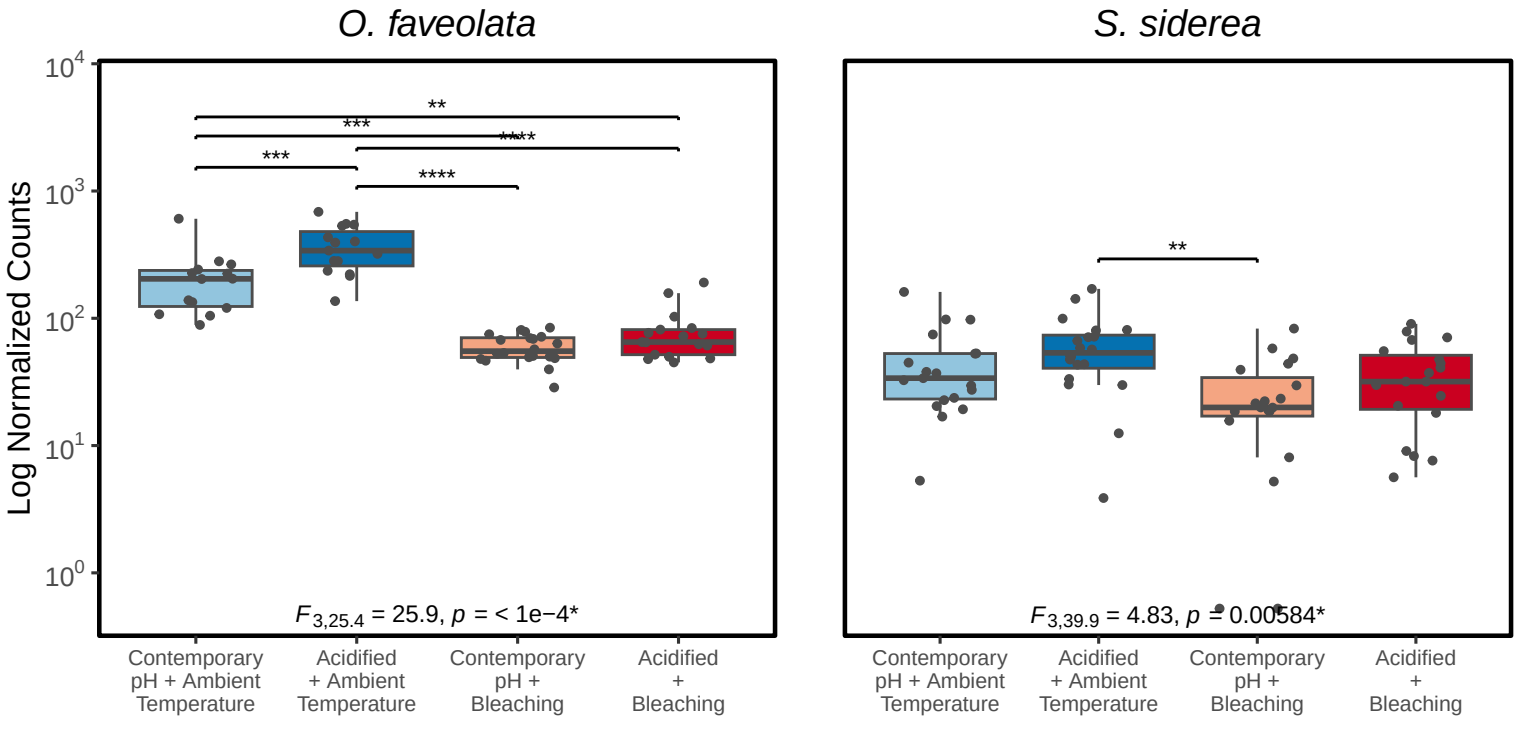
TNFAIP3 interacting protein 1 (OG0004061)



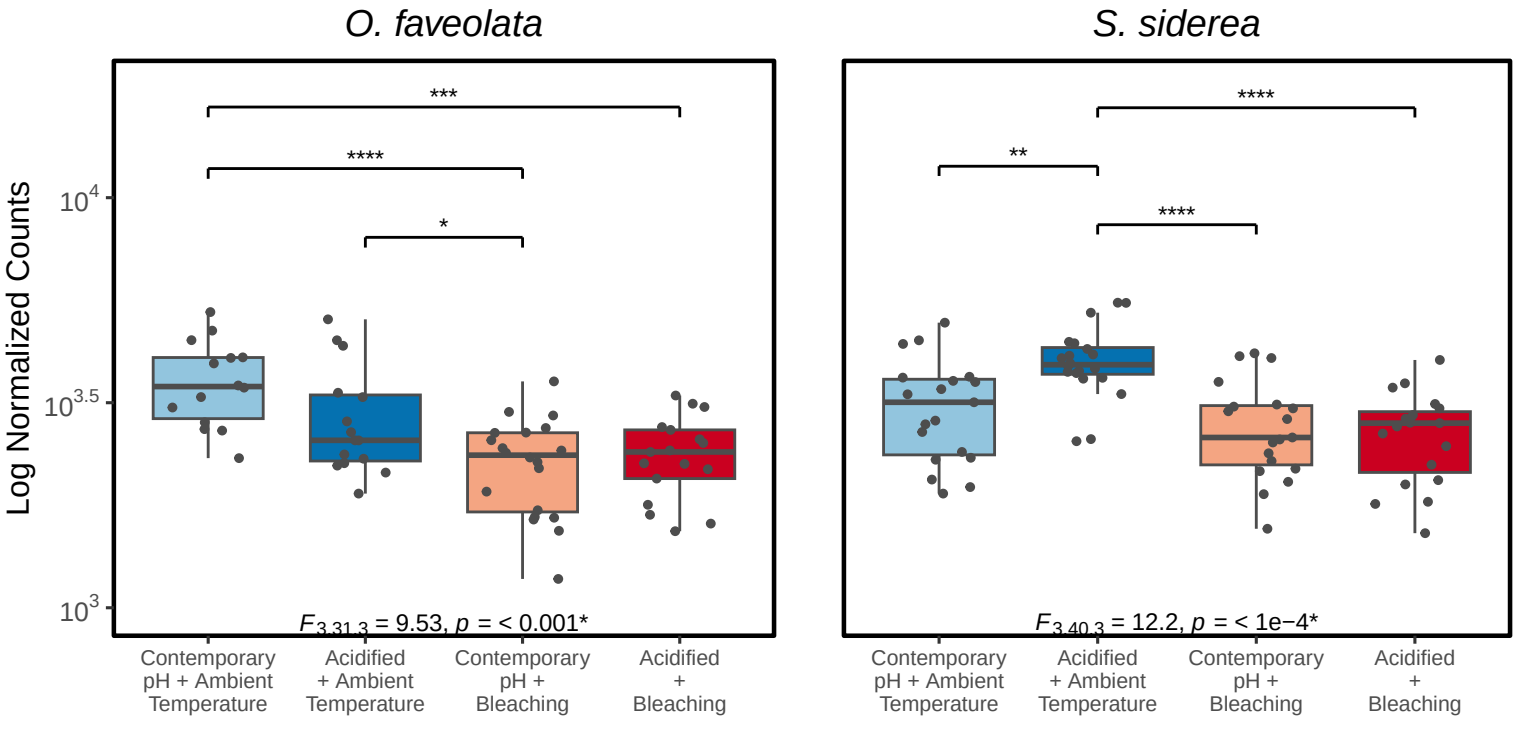
TNFR/NGFR cysteine−rich region (OG0006060)



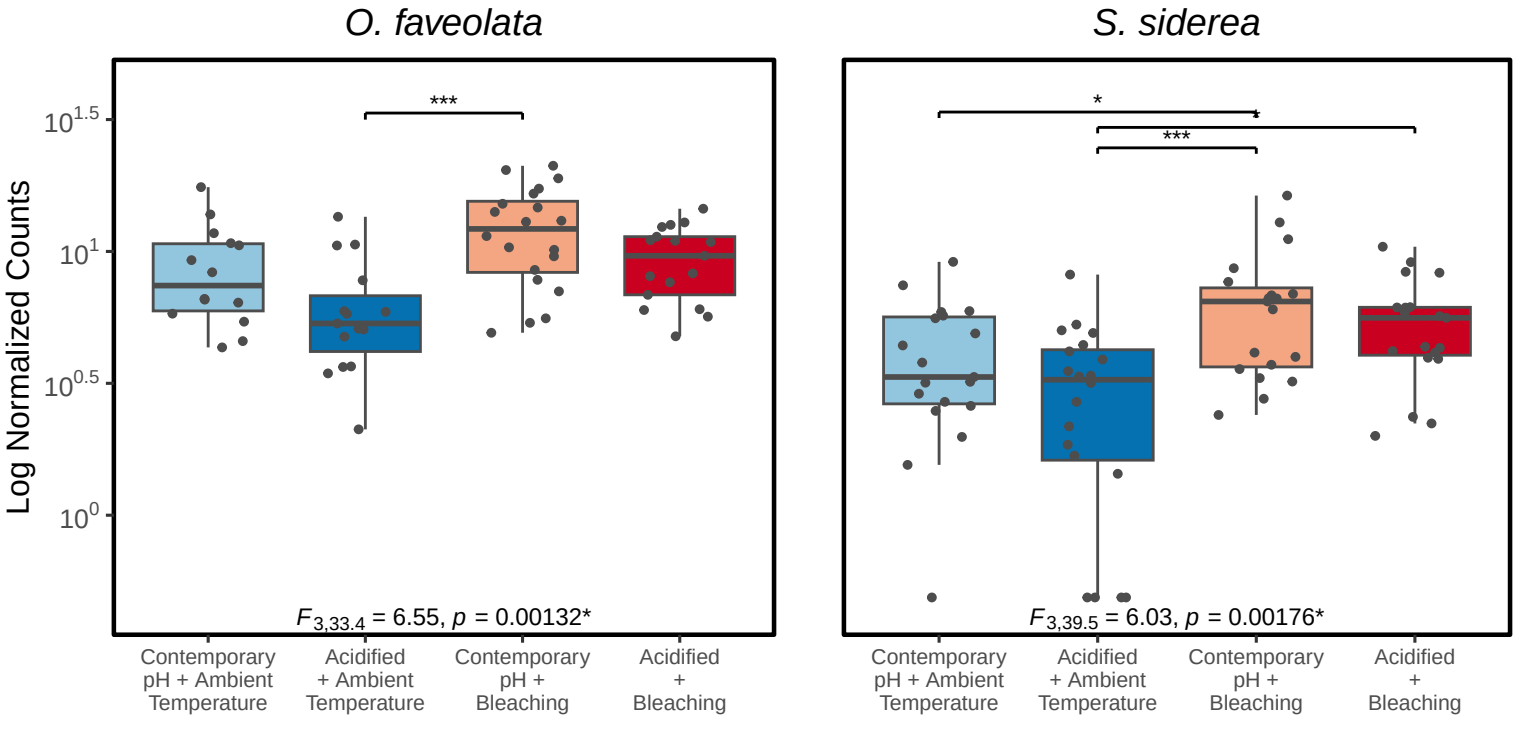
Lactose−binding lectin I−2−like (OG0006169)



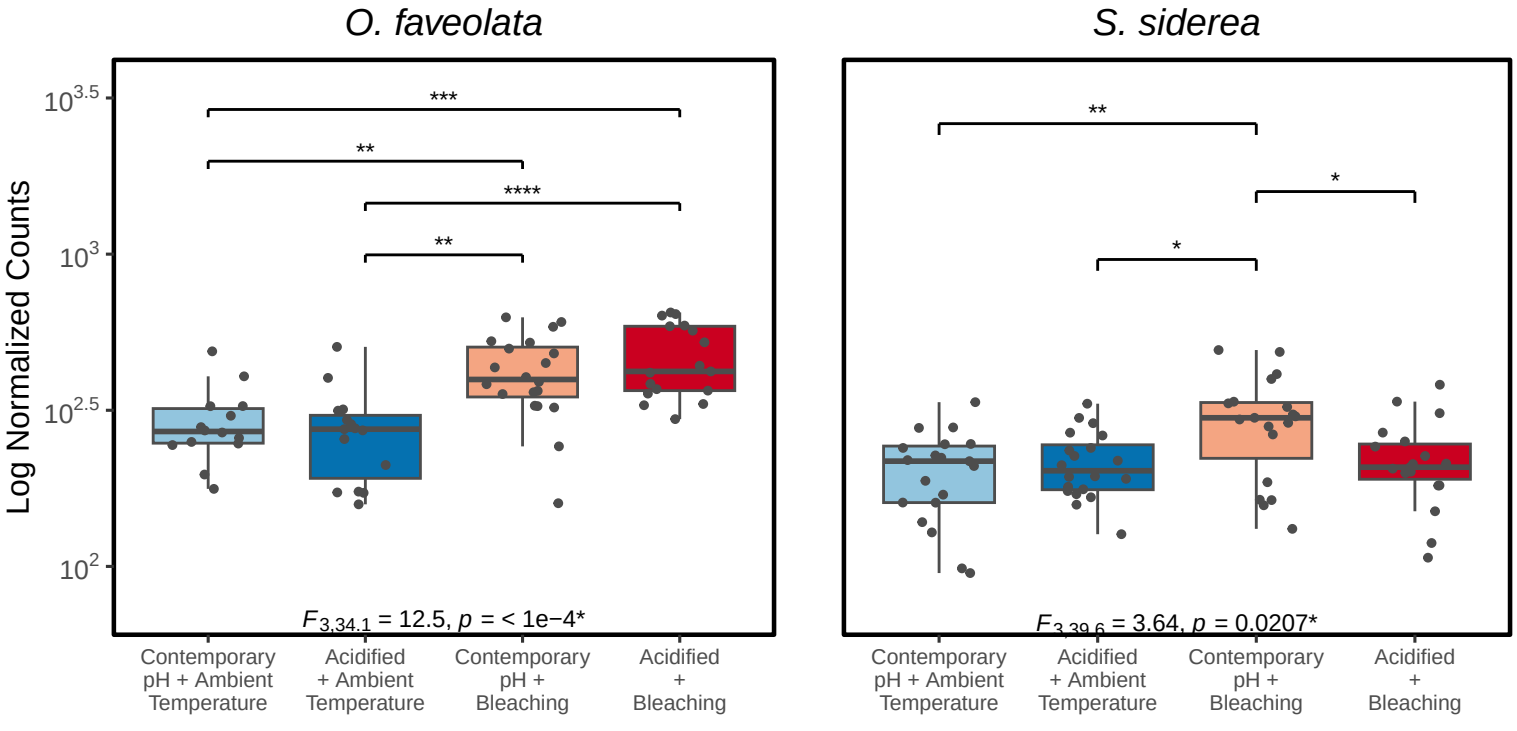
T cell proliferation (OG0010192)



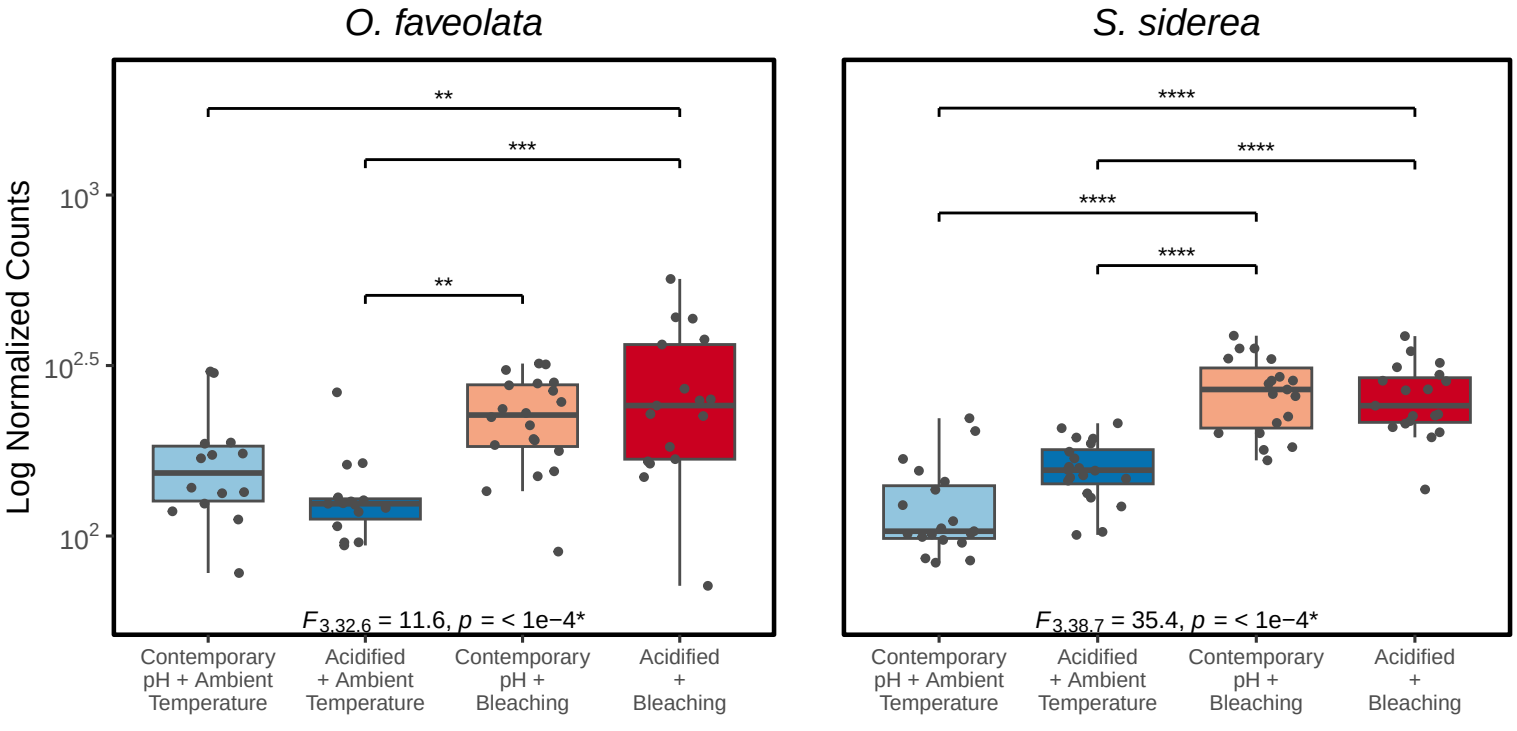
TNF (Tumour Necrosis Factor) (OG0010422)



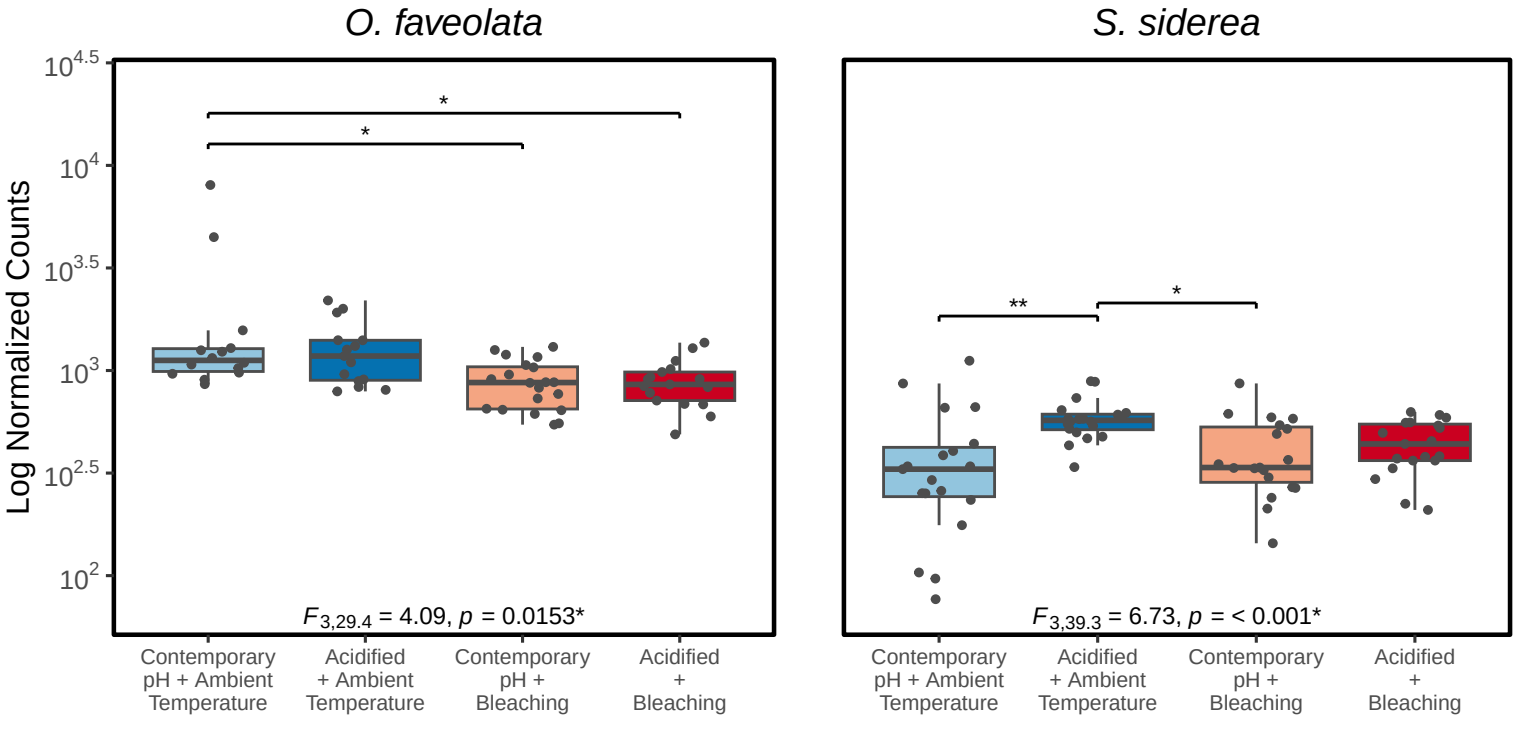
Stress−induced−phosphoprotein 1 (OG0006545)



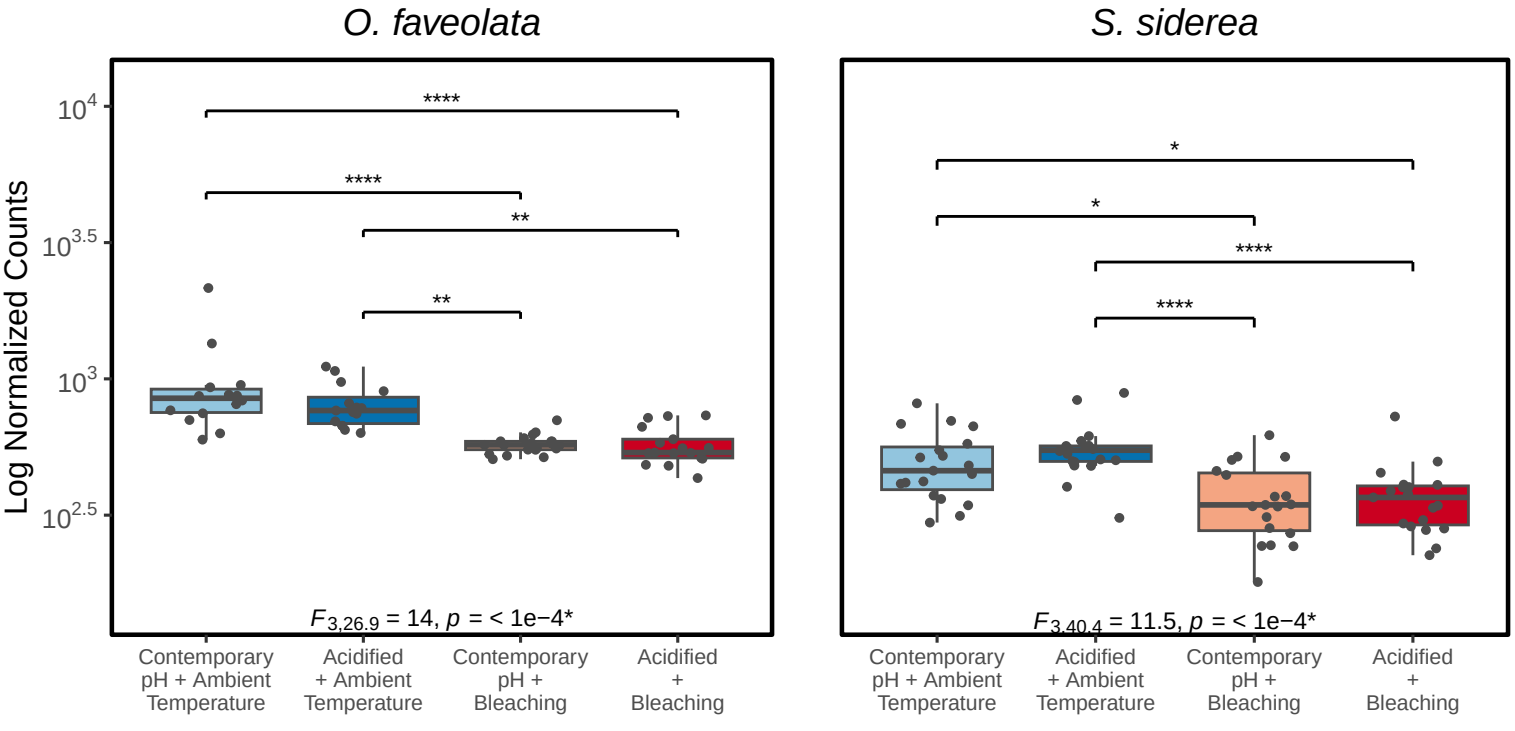
ER stress−induced apoptotic signaling pathway (OG0008952)



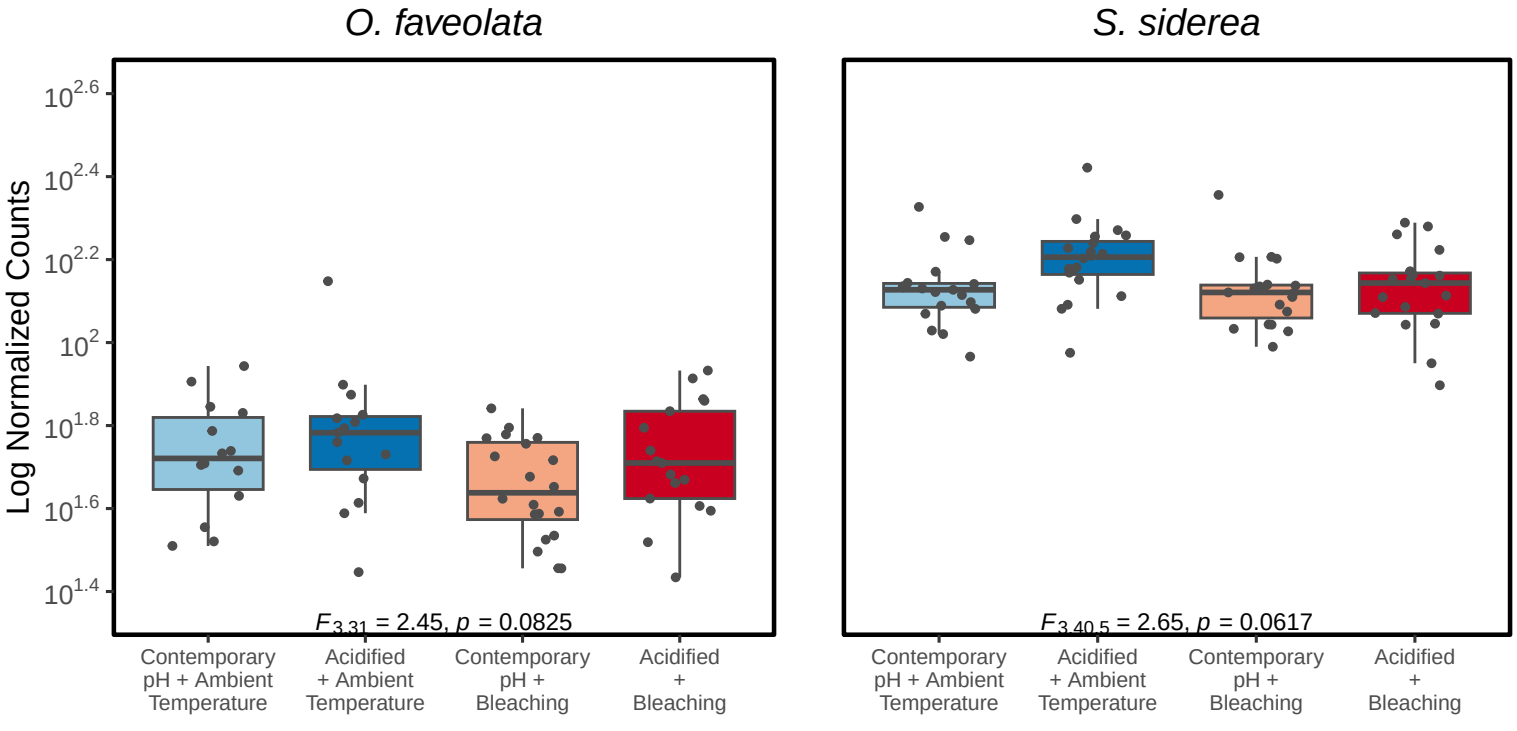
Stress−activated protein kinase signaling cascade (OG0009840)



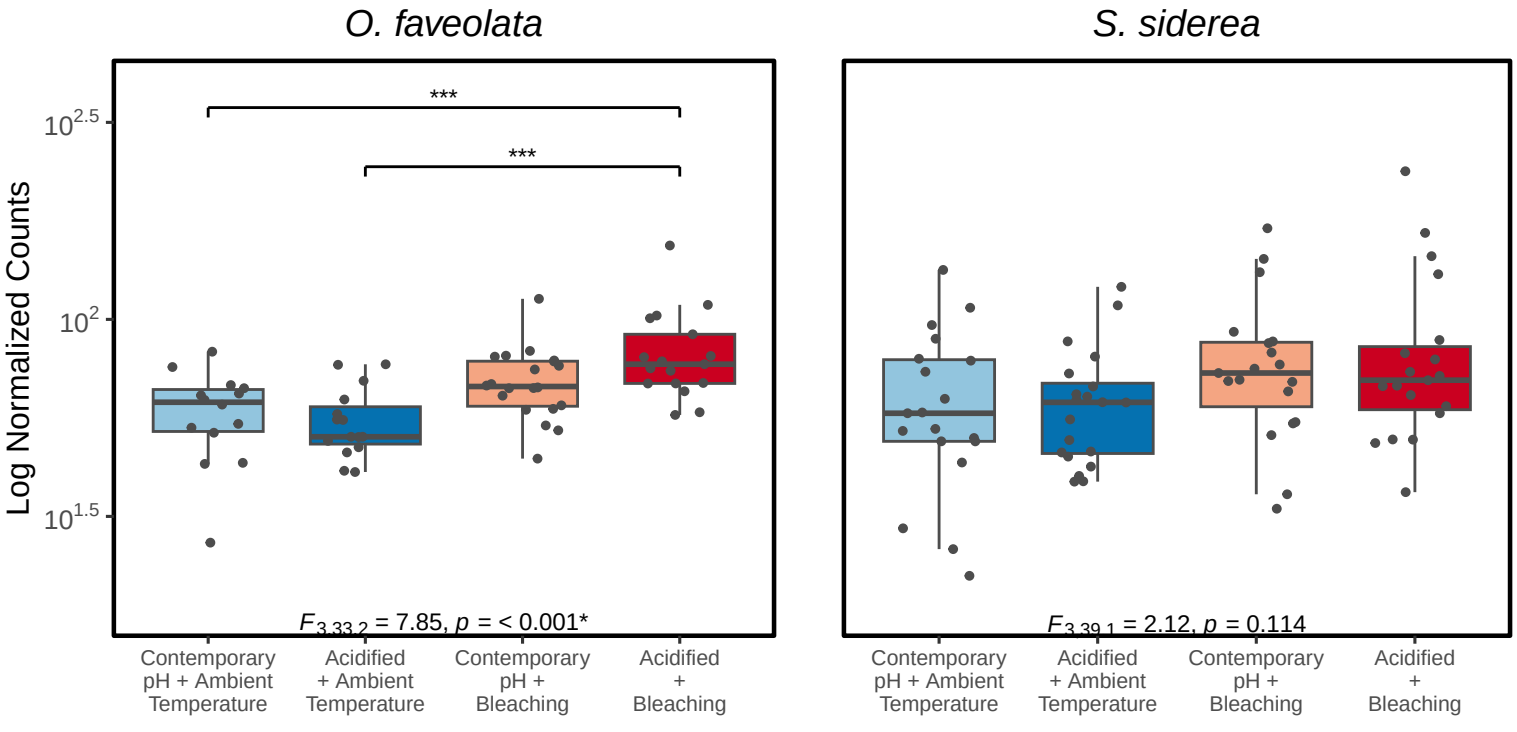
ER stress−induced pre−emptive quality control (OG0010700)



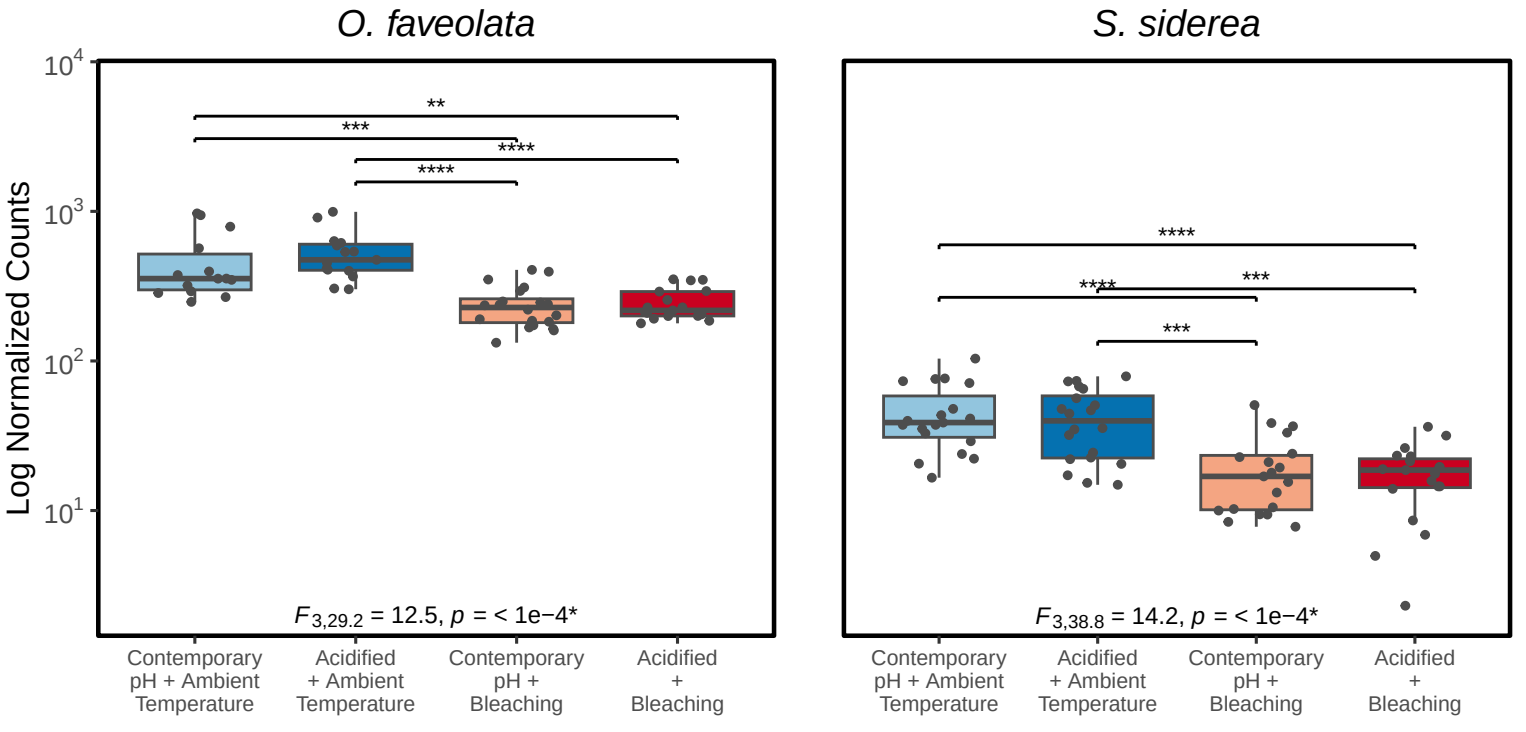
Universal stress protein family (OG0012926)



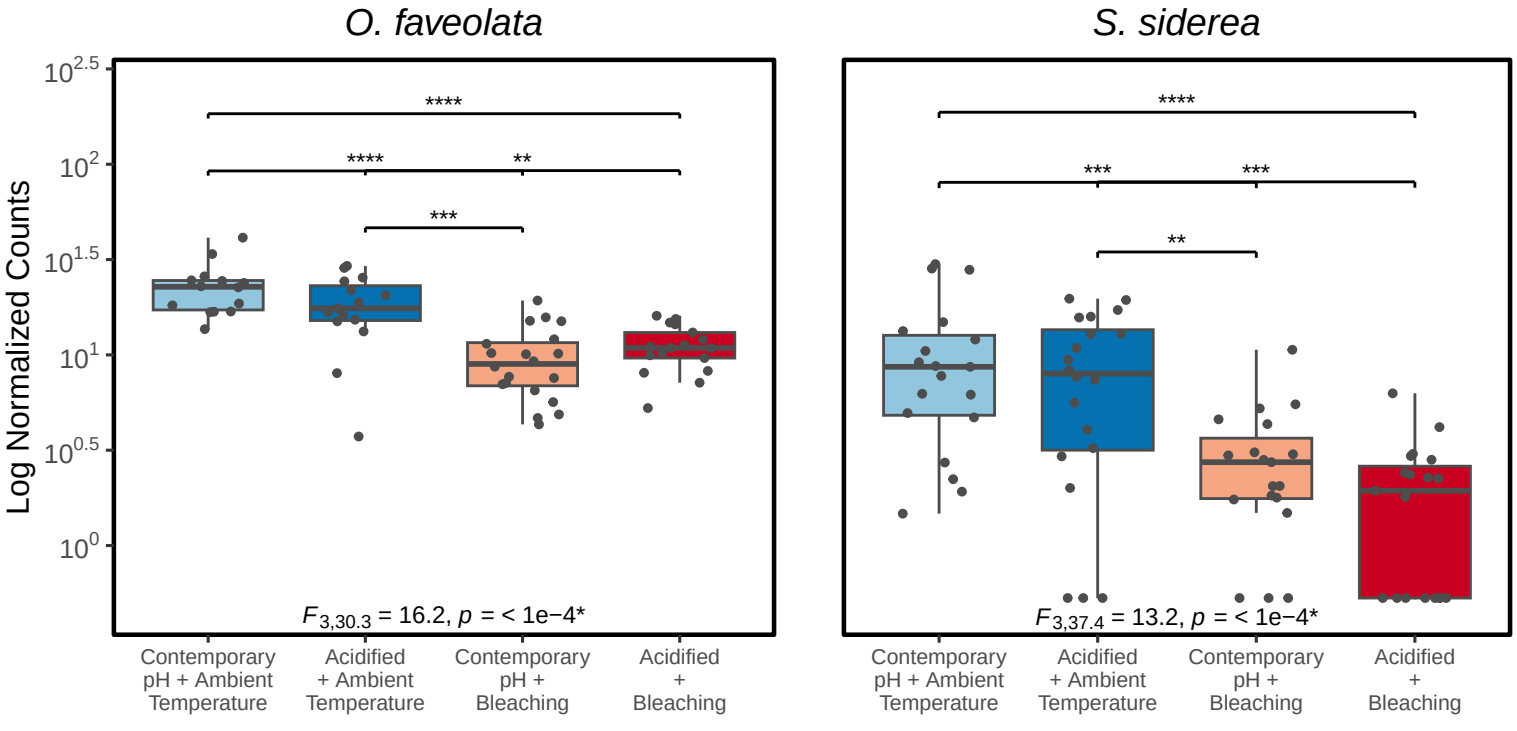
Amine oxidase (flavin−containing) (OG0001597)



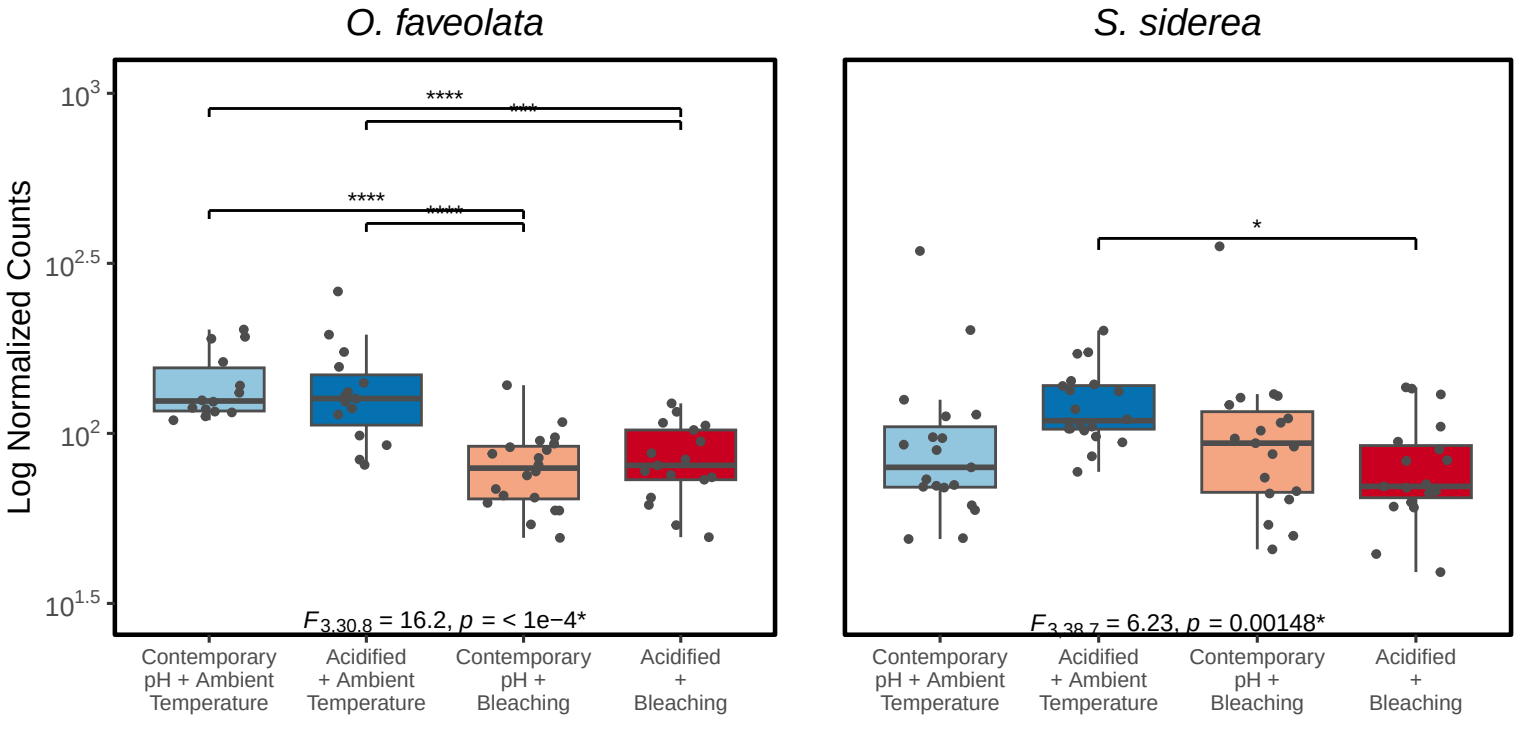
Thioredoxin−disulfide reductase (OG0002356)



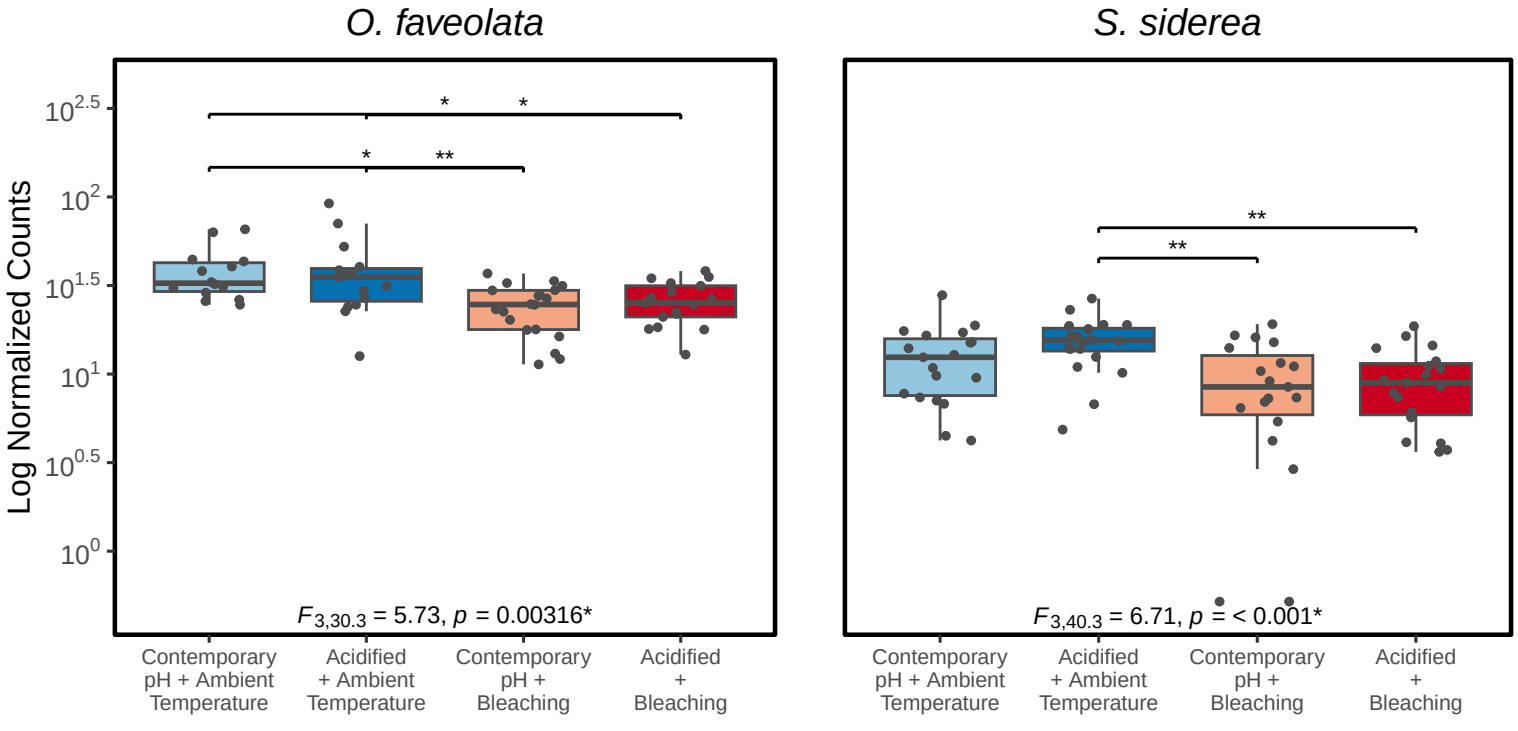
L−gulonolactone oxidase (OG0004075)



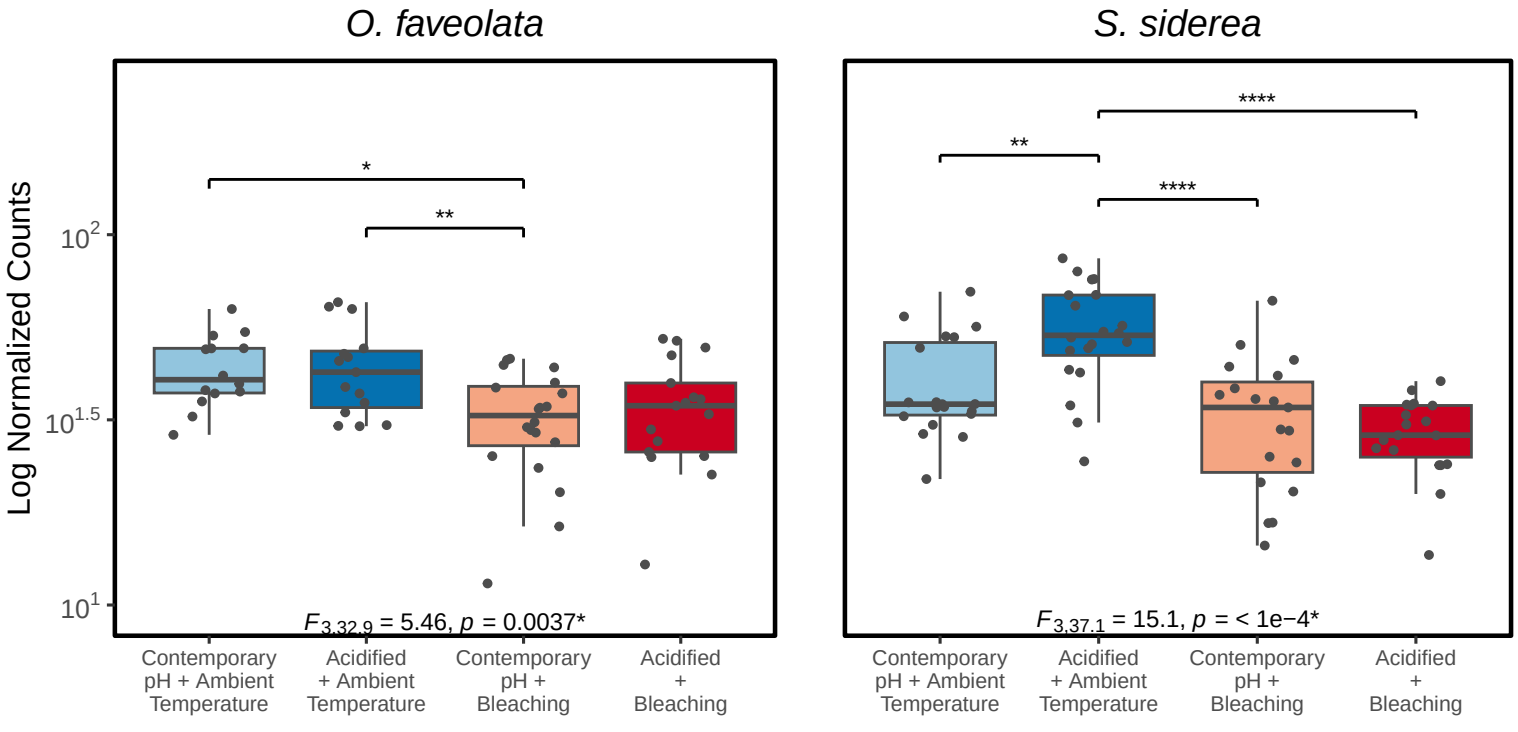
Peptide−methionine (S)−S−oxide reductase (OG0004786)



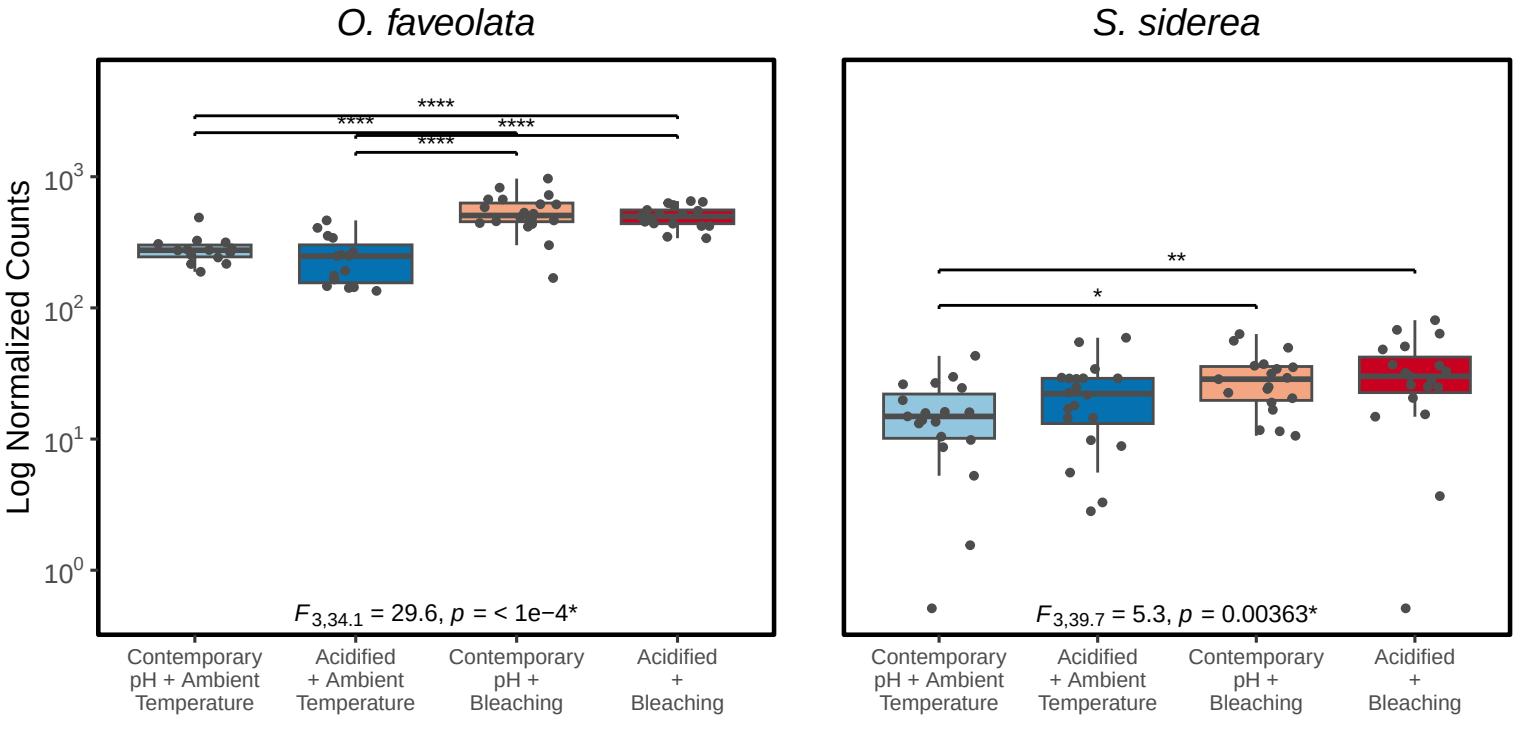
Pyridine nucleotide−disulfide oxidoreductase (OG0005065)



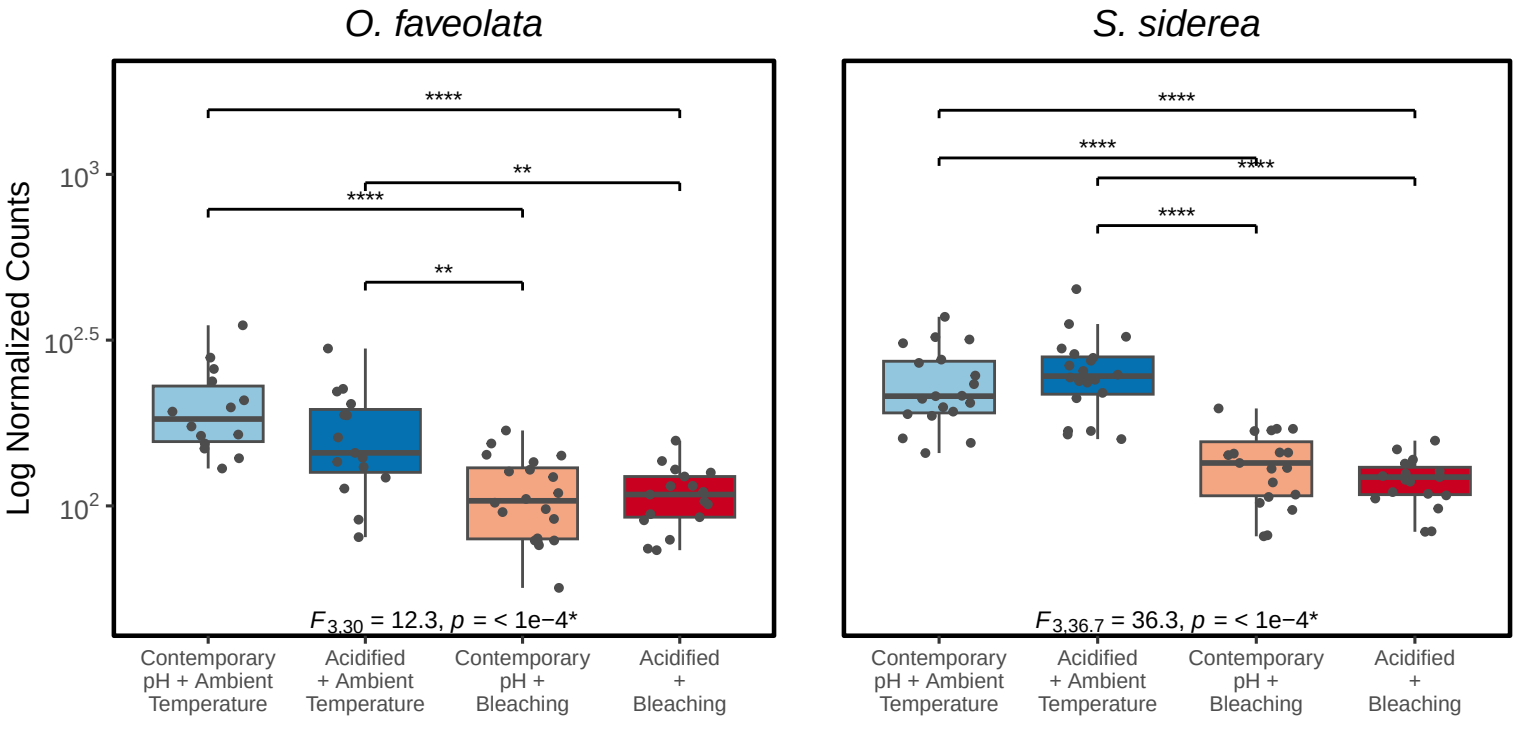
Cytochrome C oxidase (OG0007547)



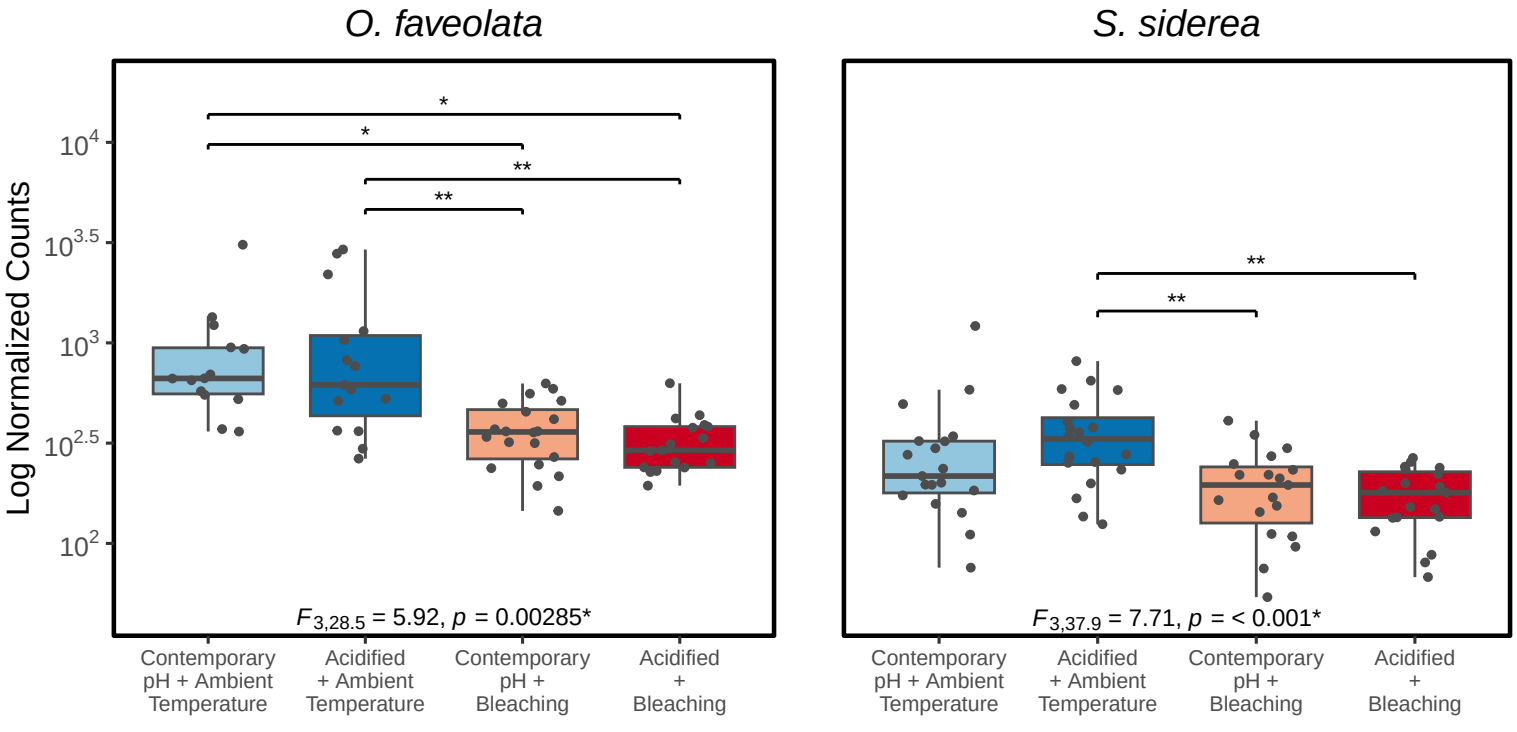
Protein−disulfide reductase (OG0009244)



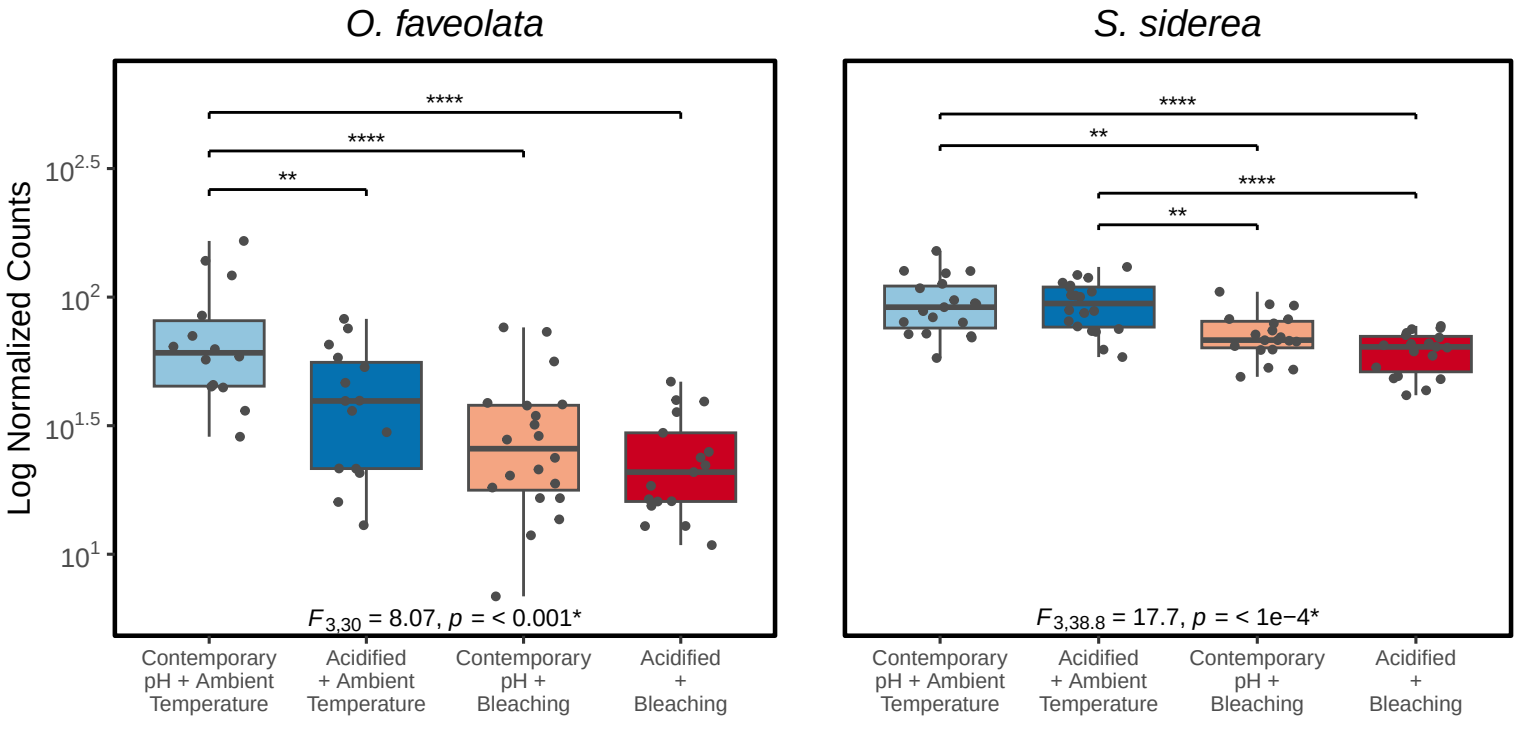
Oxidoreductase (OG0010477)



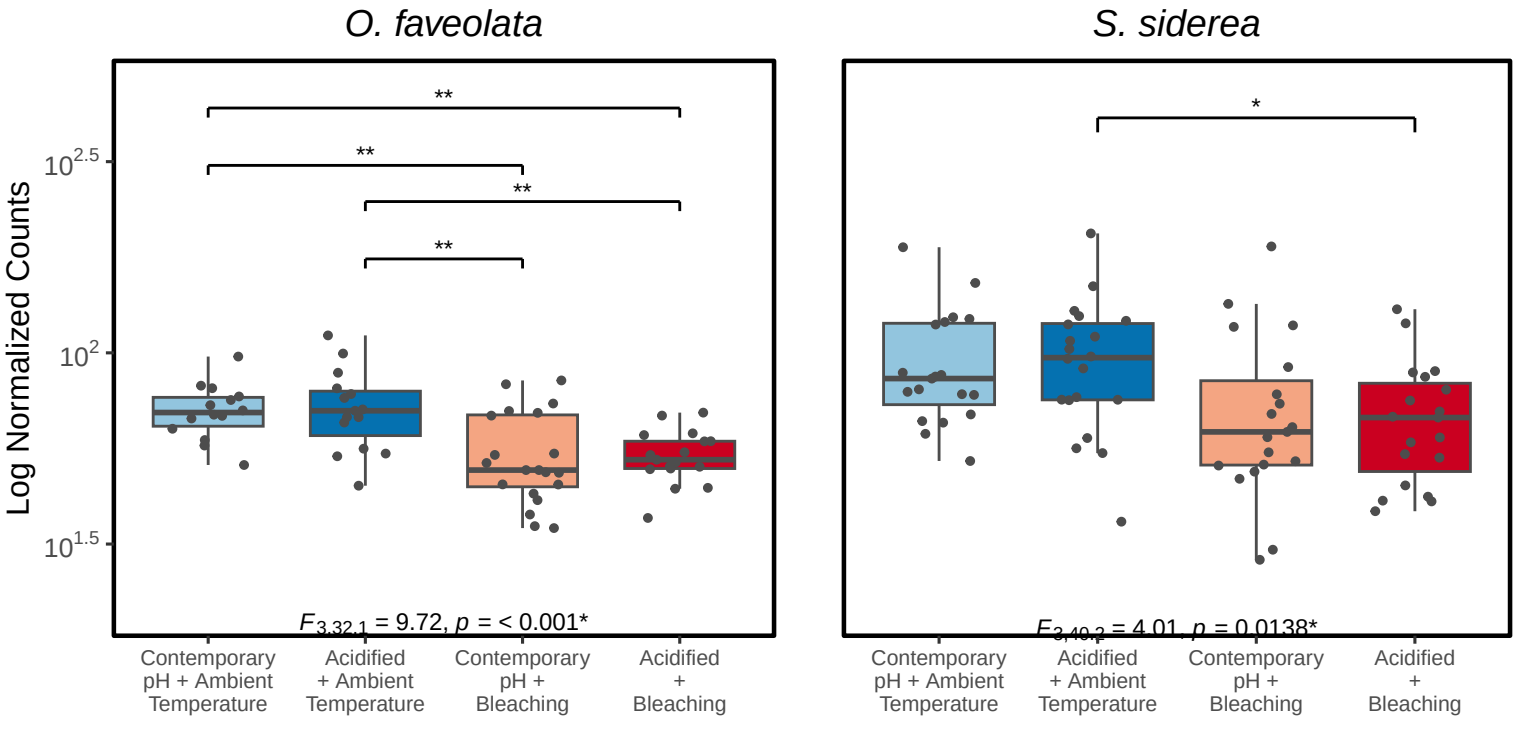
Glutaredoxin (OG0010857)



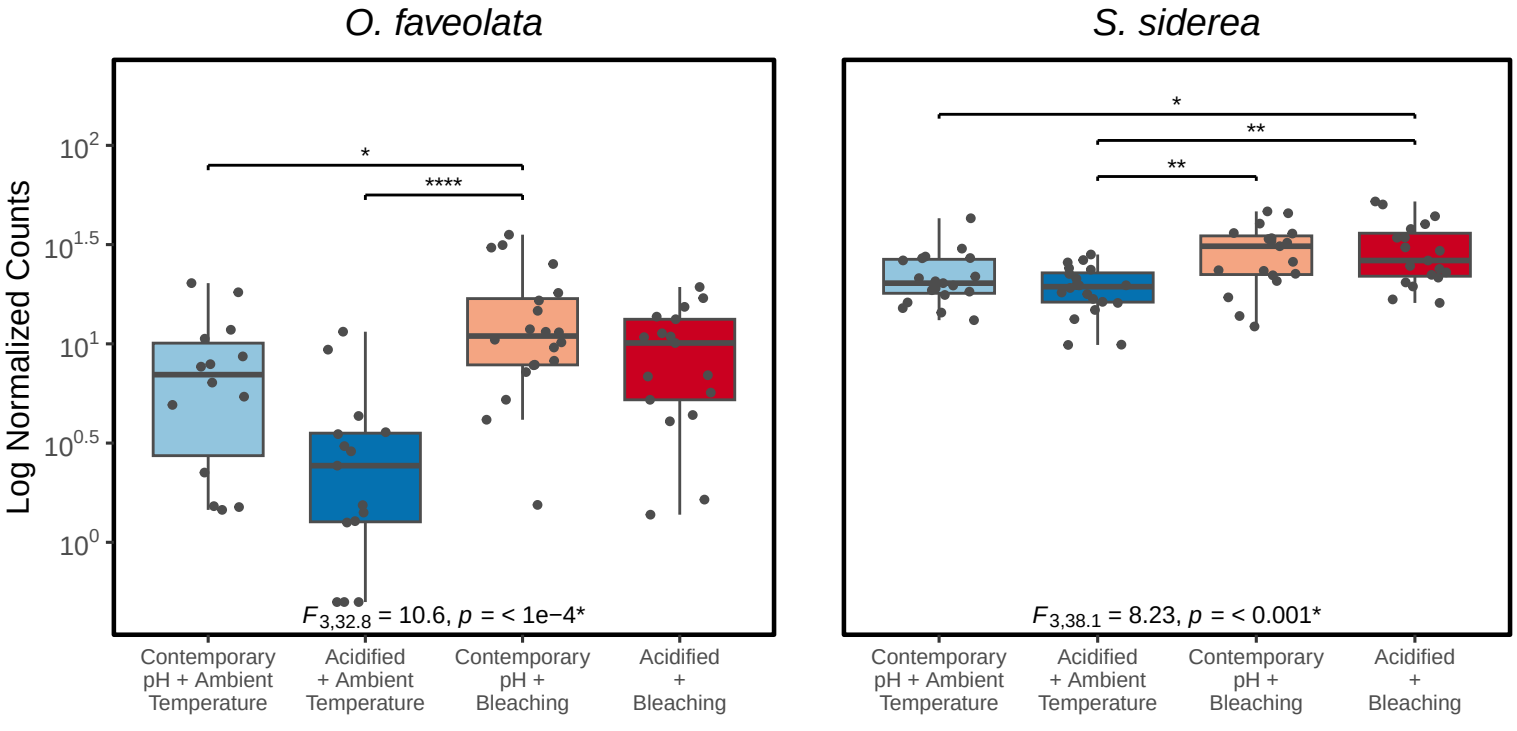
Glutathione S−transferase (OG0012628)



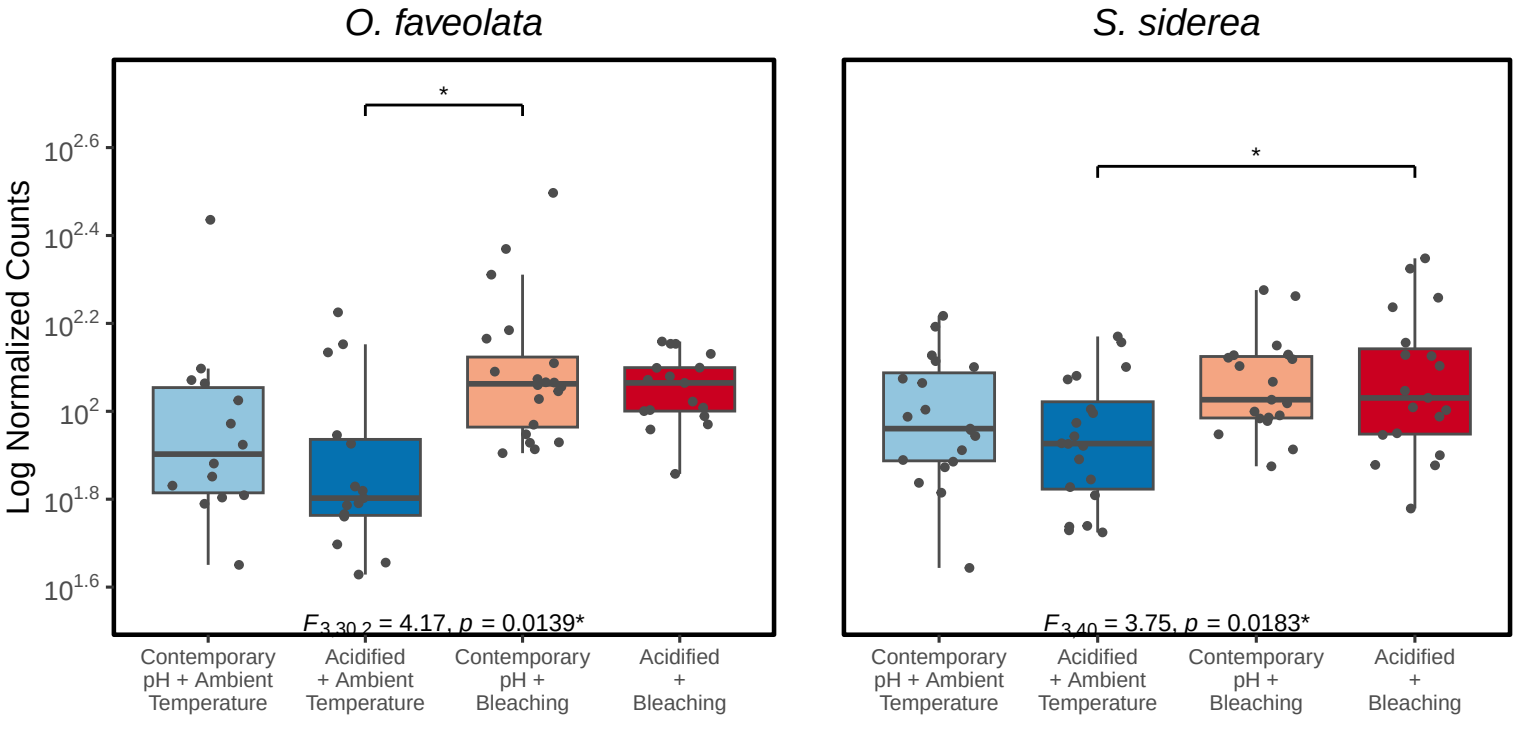
PFAM thioredoxin (OG0013007)



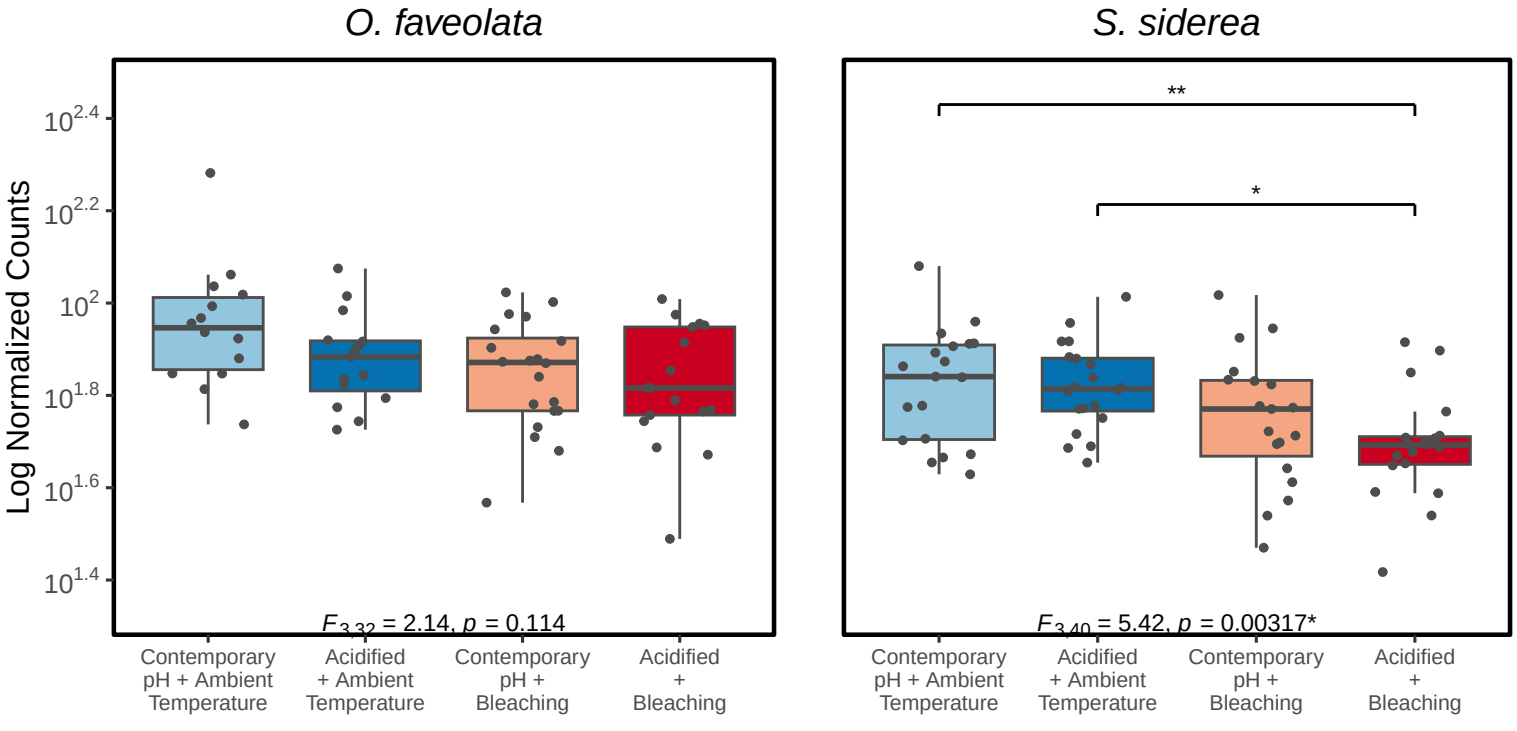
Ubiquitin homologues (OG0002710)



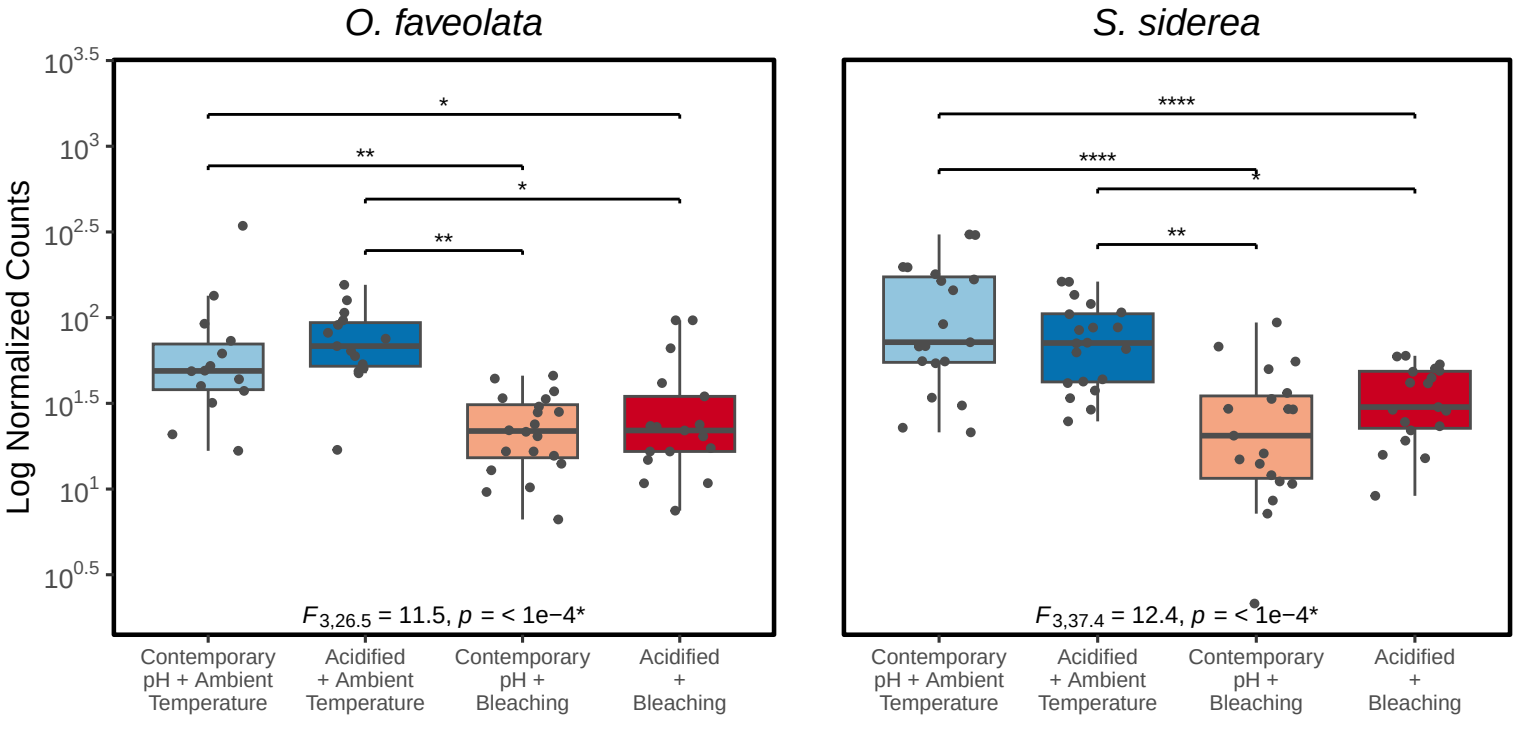
Protein polyubiquitination (OG0002744)



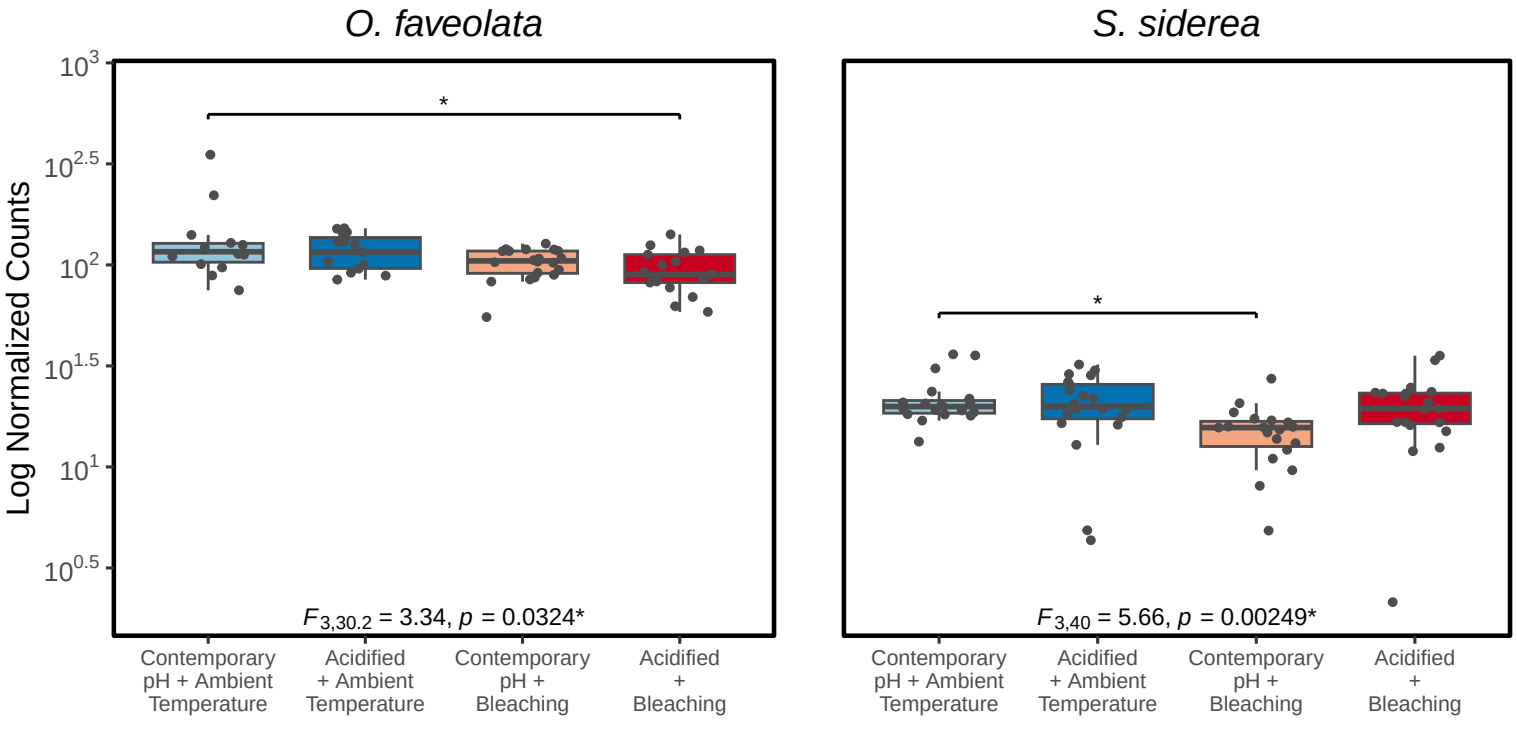
Ubiquitin−like protein−specific protease (OG0004037)



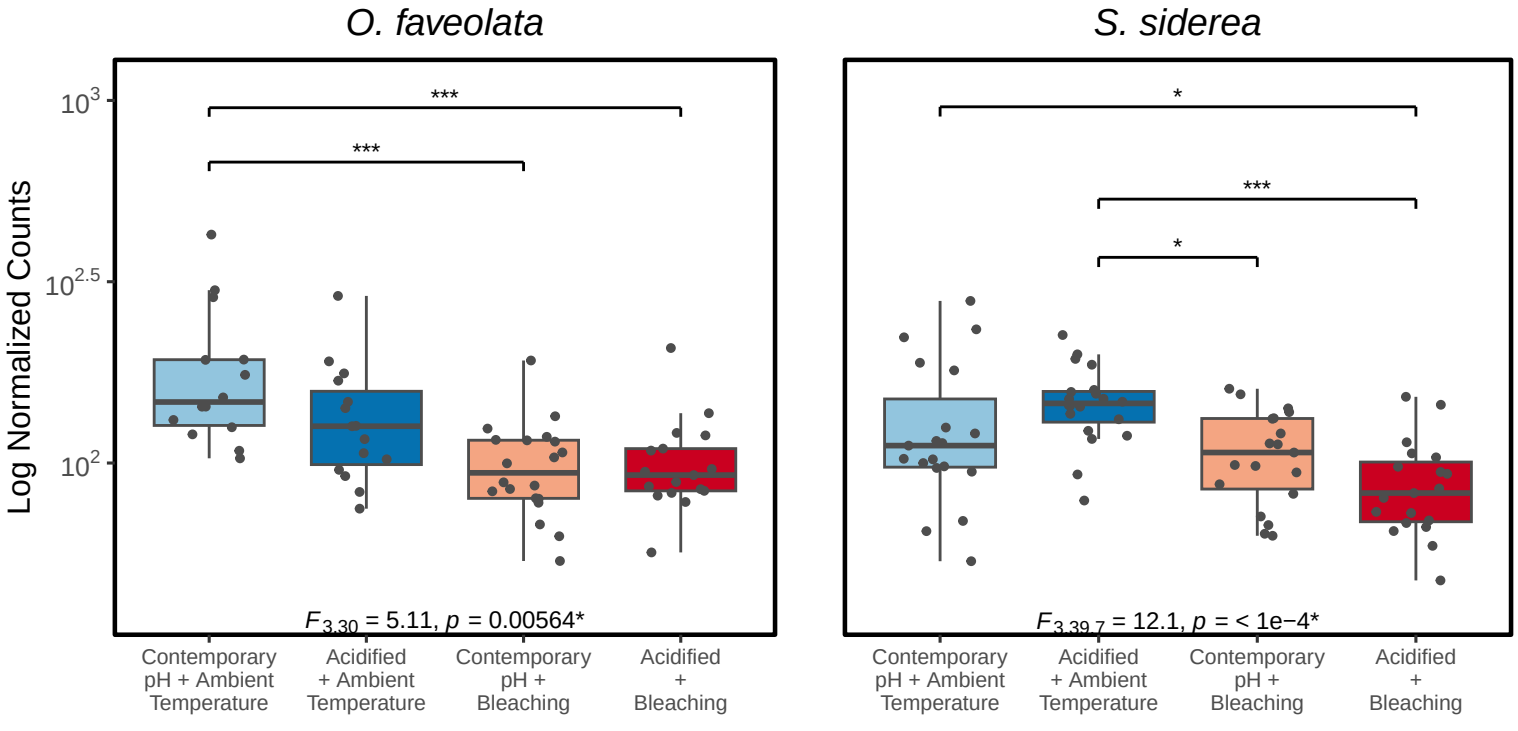
Ubiquitin binding (OG0004522)



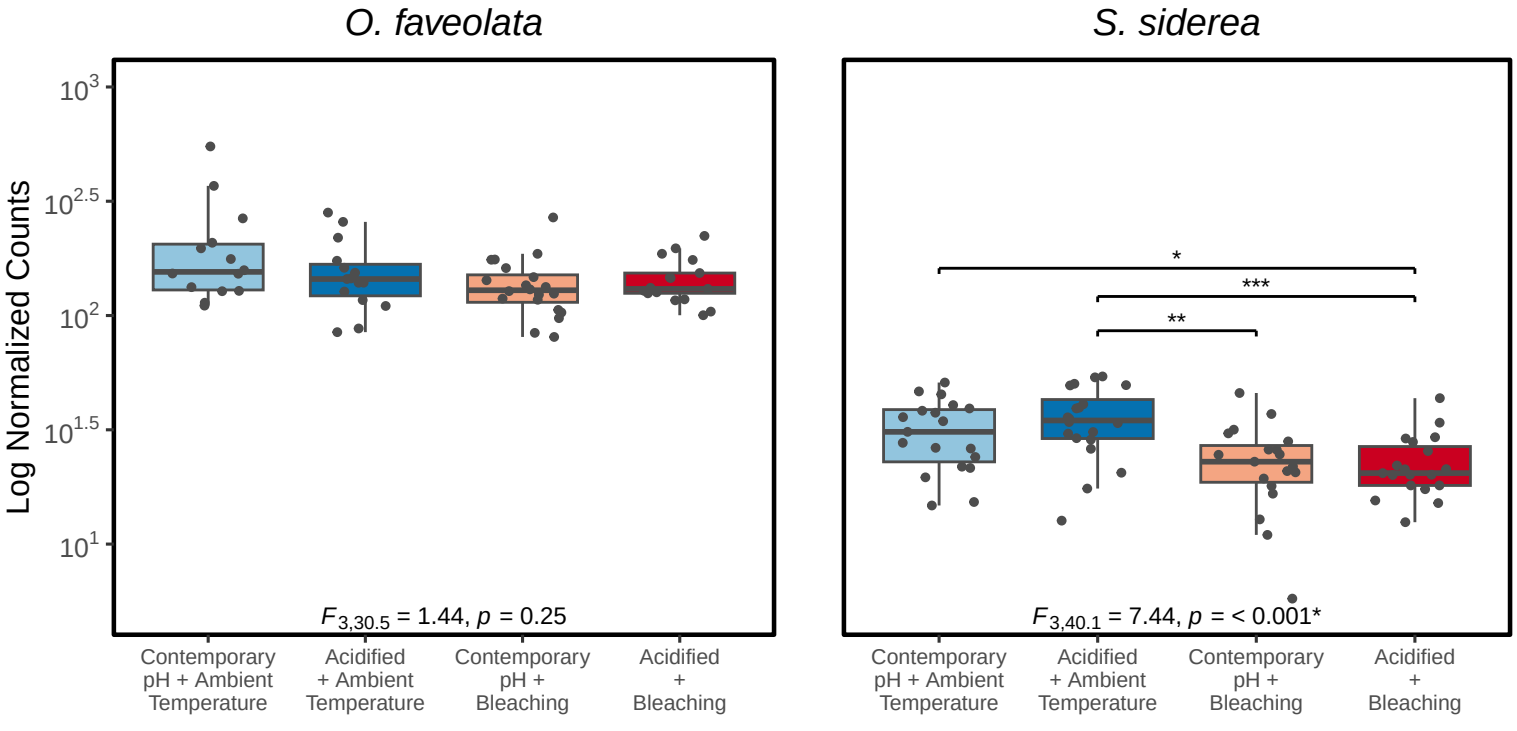
Ubiquitin−conjugating enzyme (OG0004551)



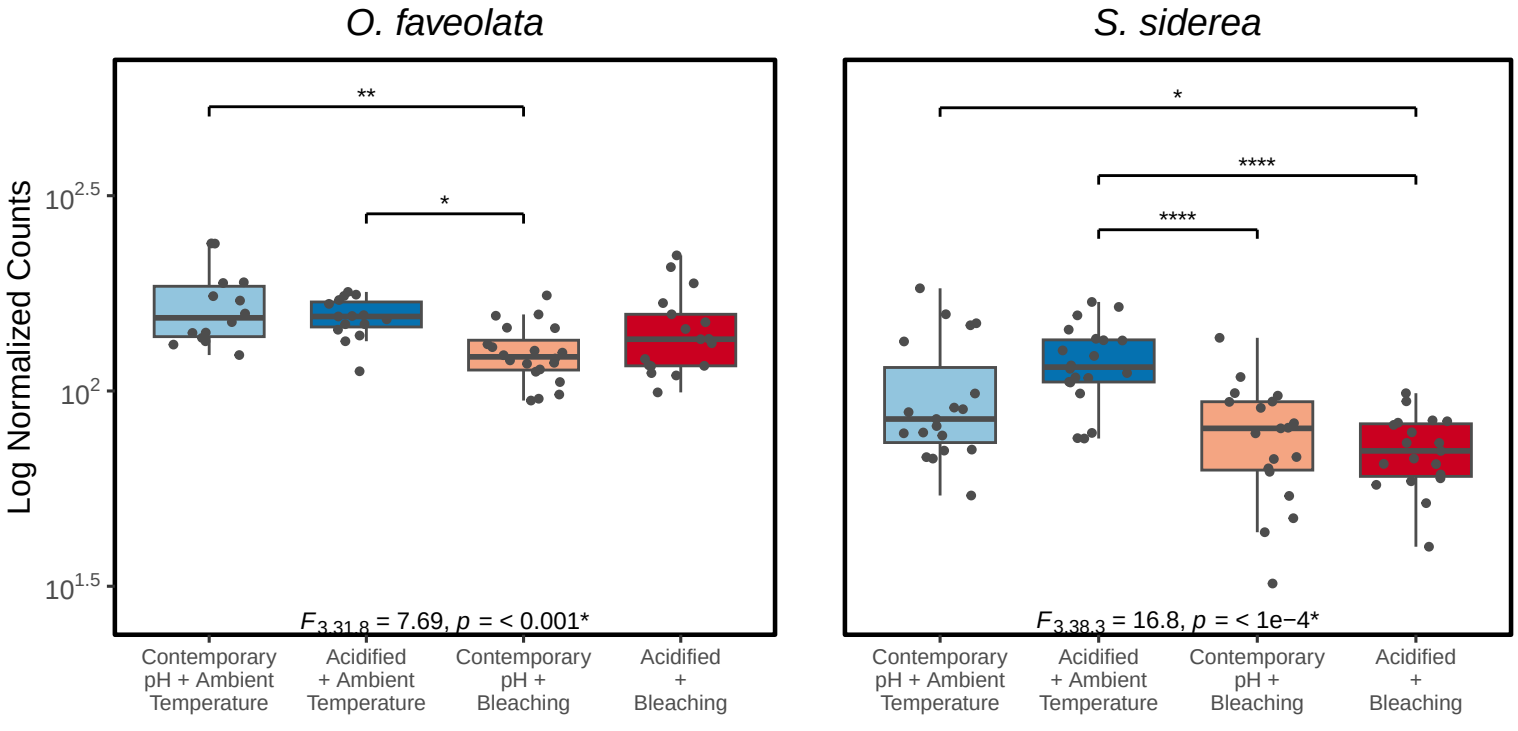
26S proteasome non−ATPase regulatory subunit (OG0004995)



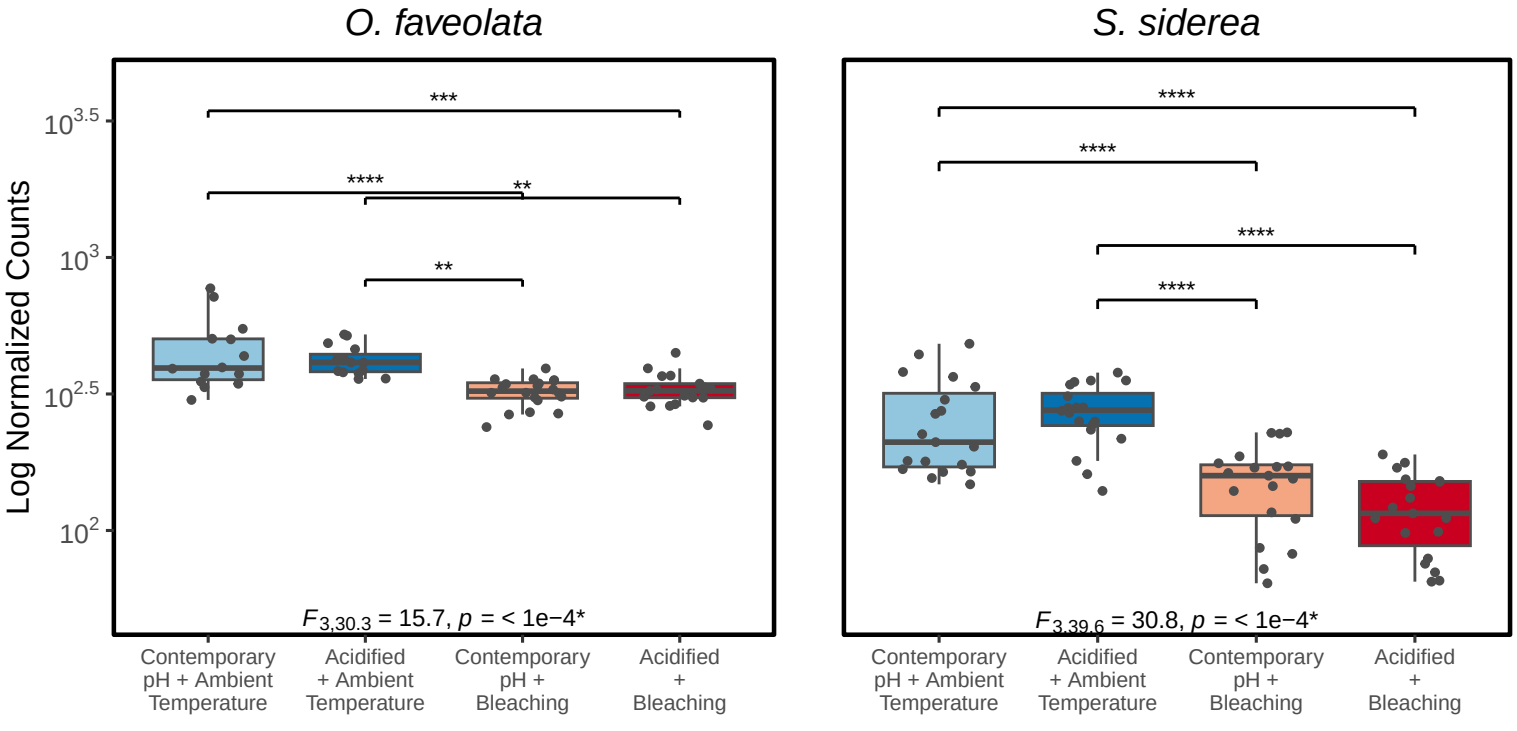
Cytokine−mediated Intracellular signal transduction (OG0005451)



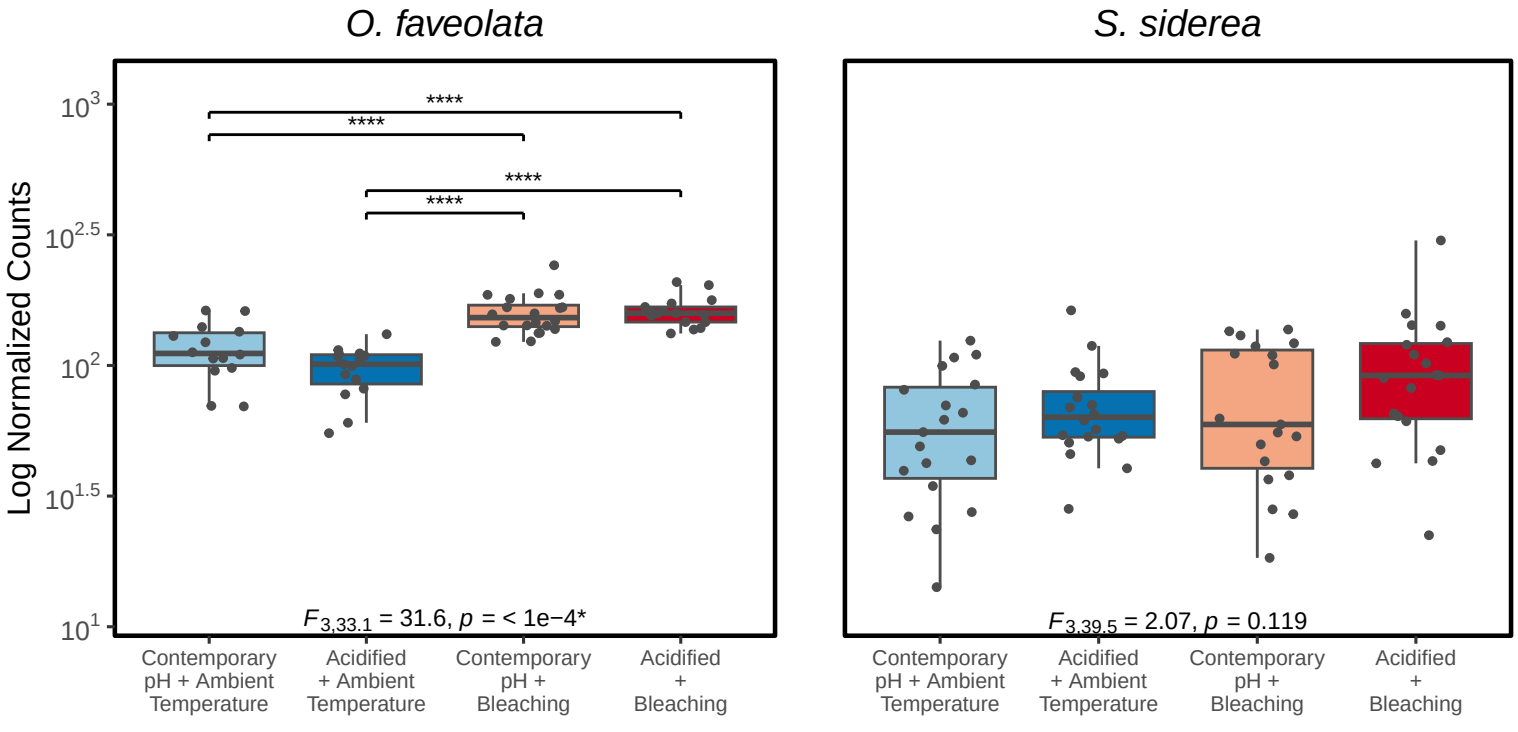
26S proteasome non−ATPase regulatory subunit (OG0006383)



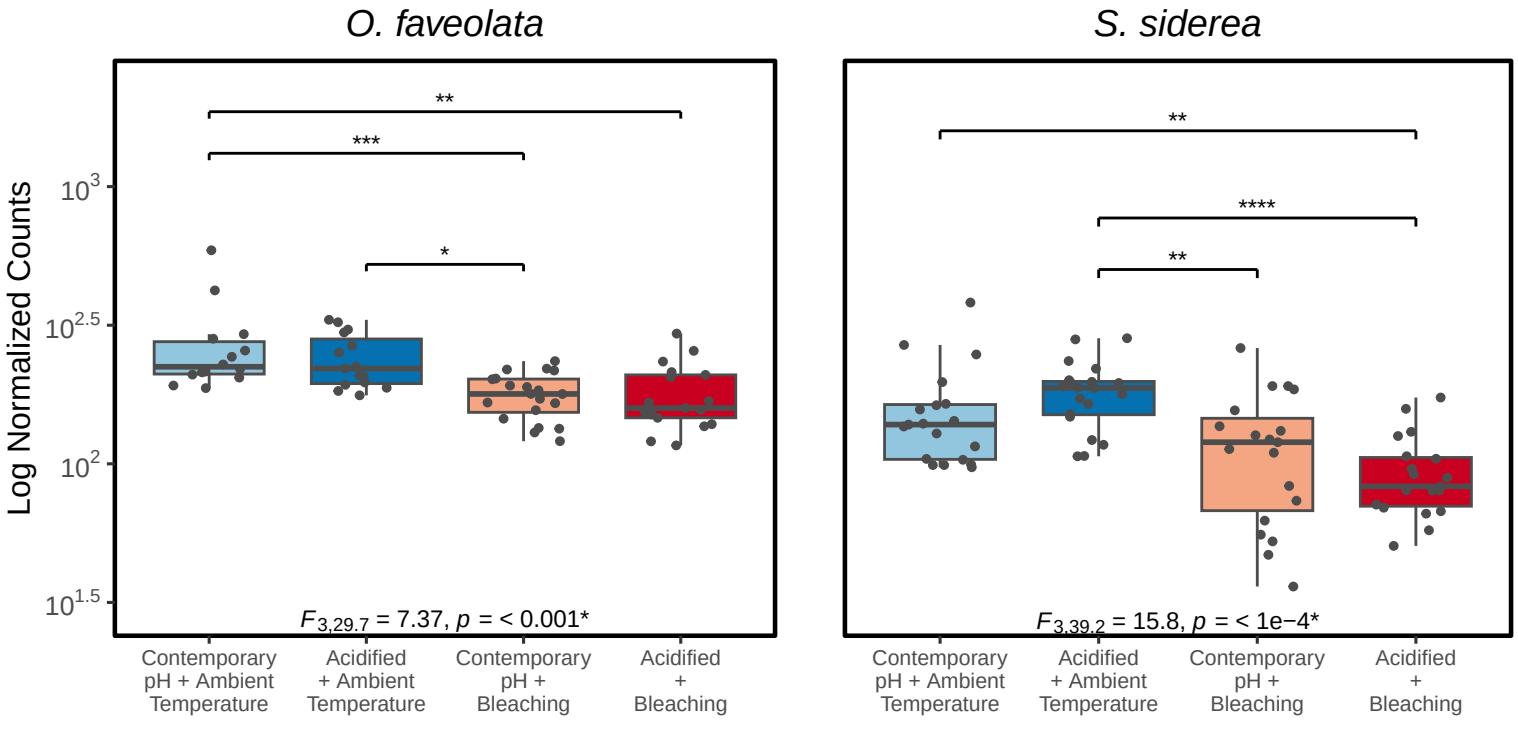
26S proteasome non−ATPase regulatory subunit (OG0007712)



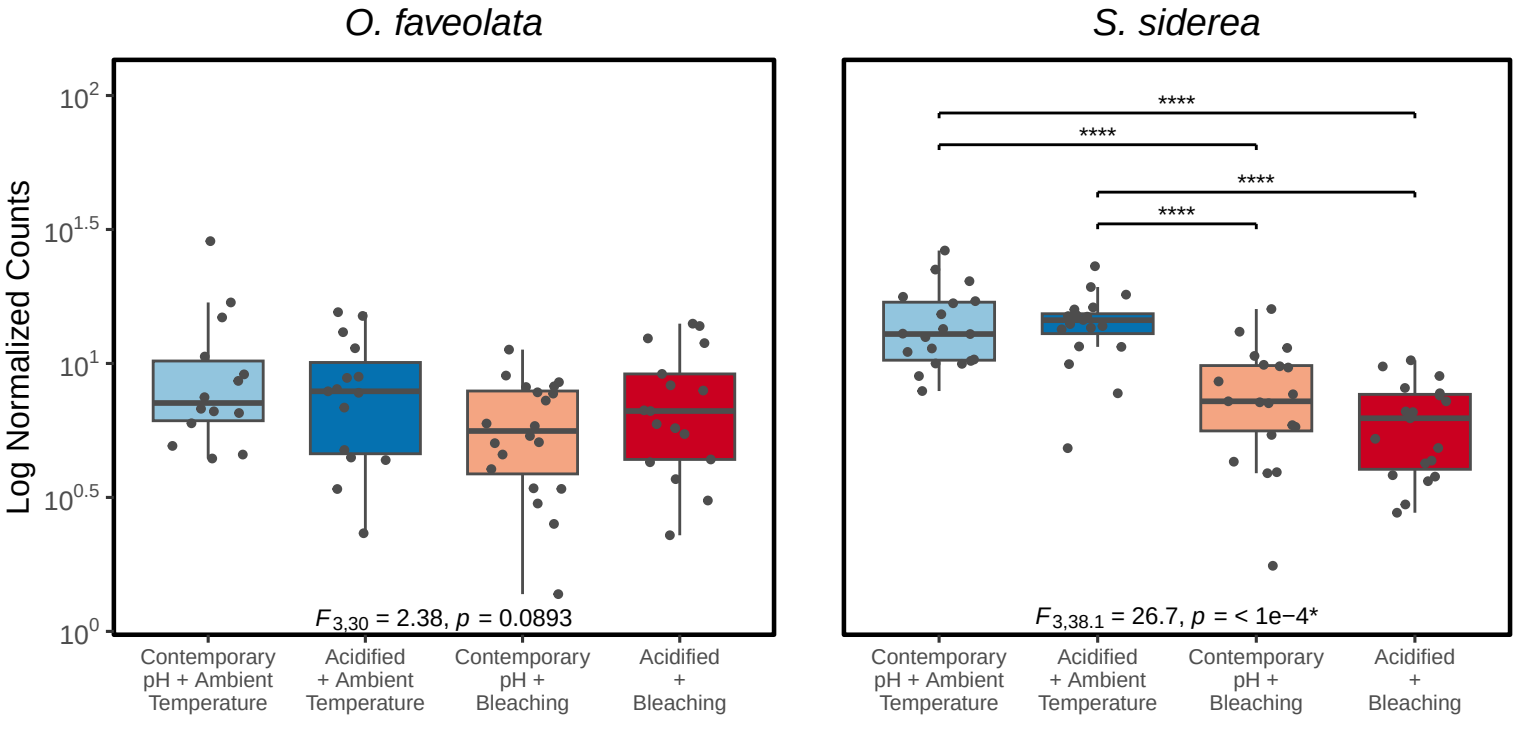
Protein ubiquitination (OG0008312)



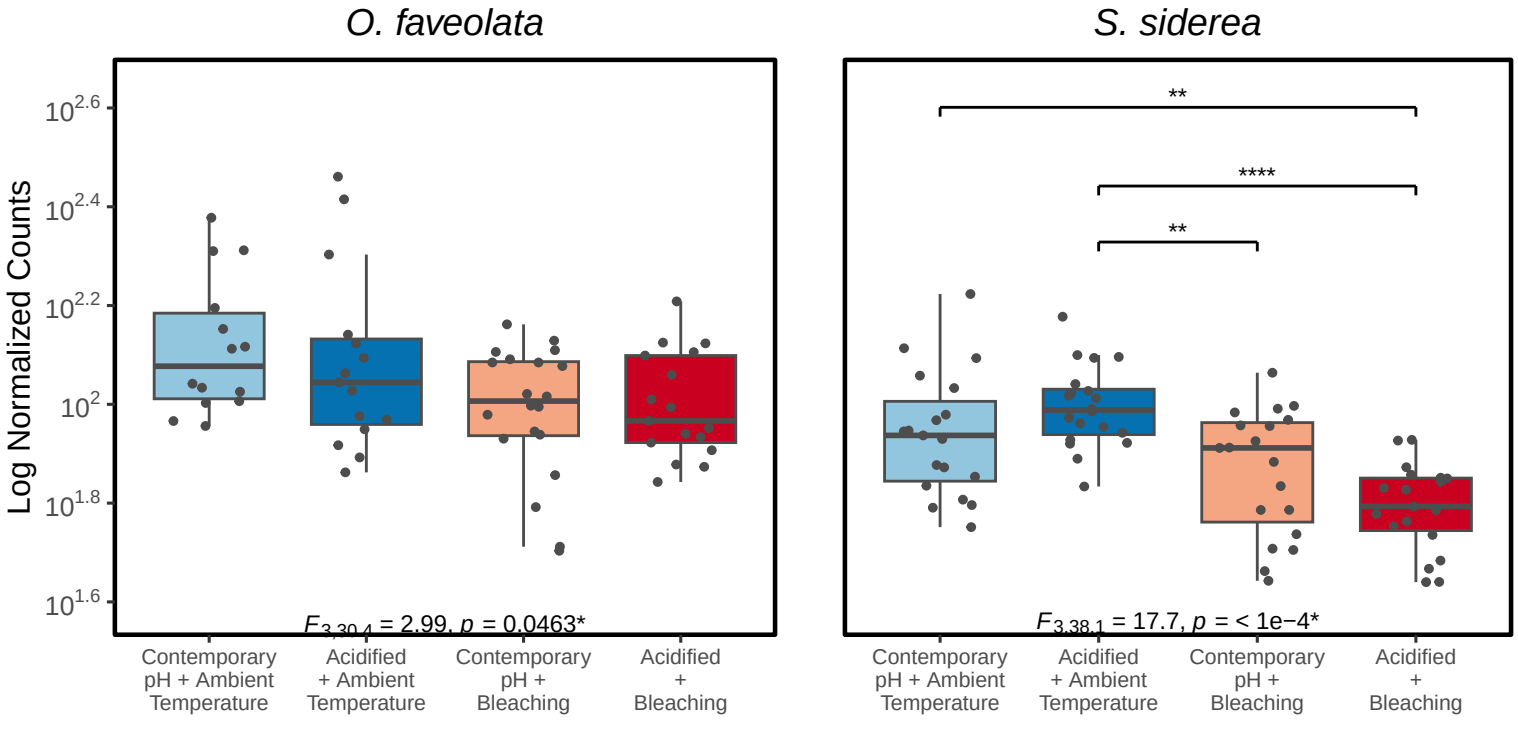
Proteasome−activating ATPase (OG0008743)



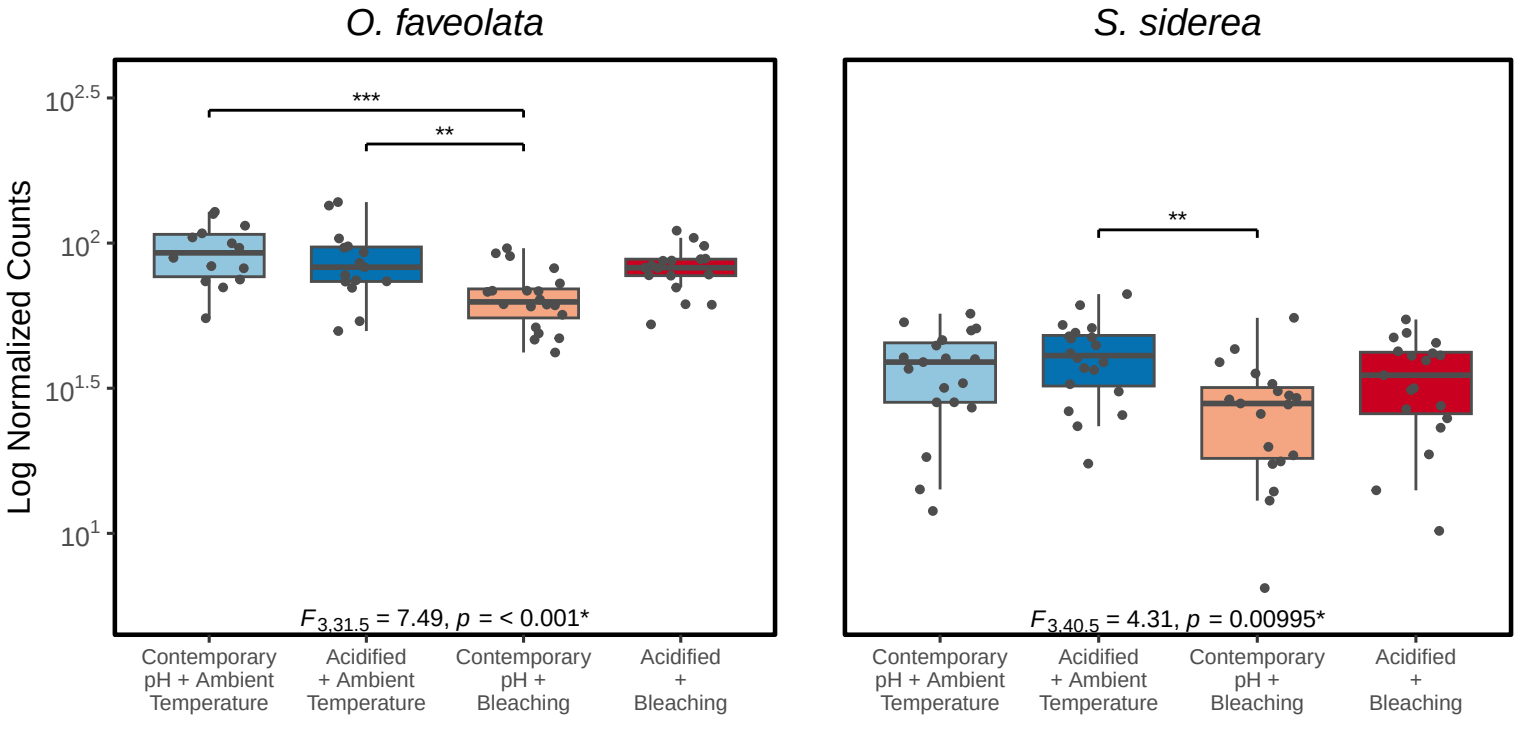
Protein ubiquitination (OG0009651)



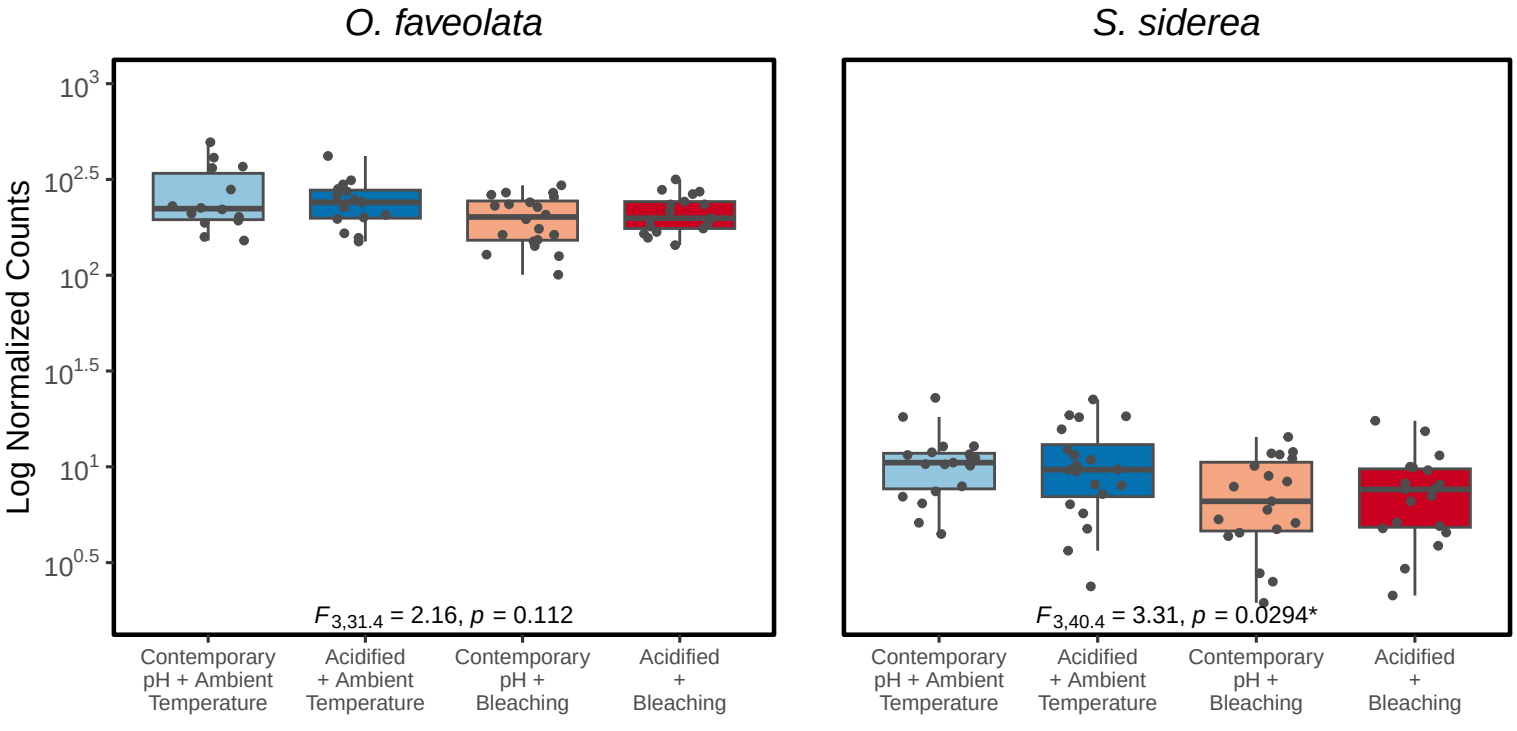
Proteasome assembly (OG0010191)



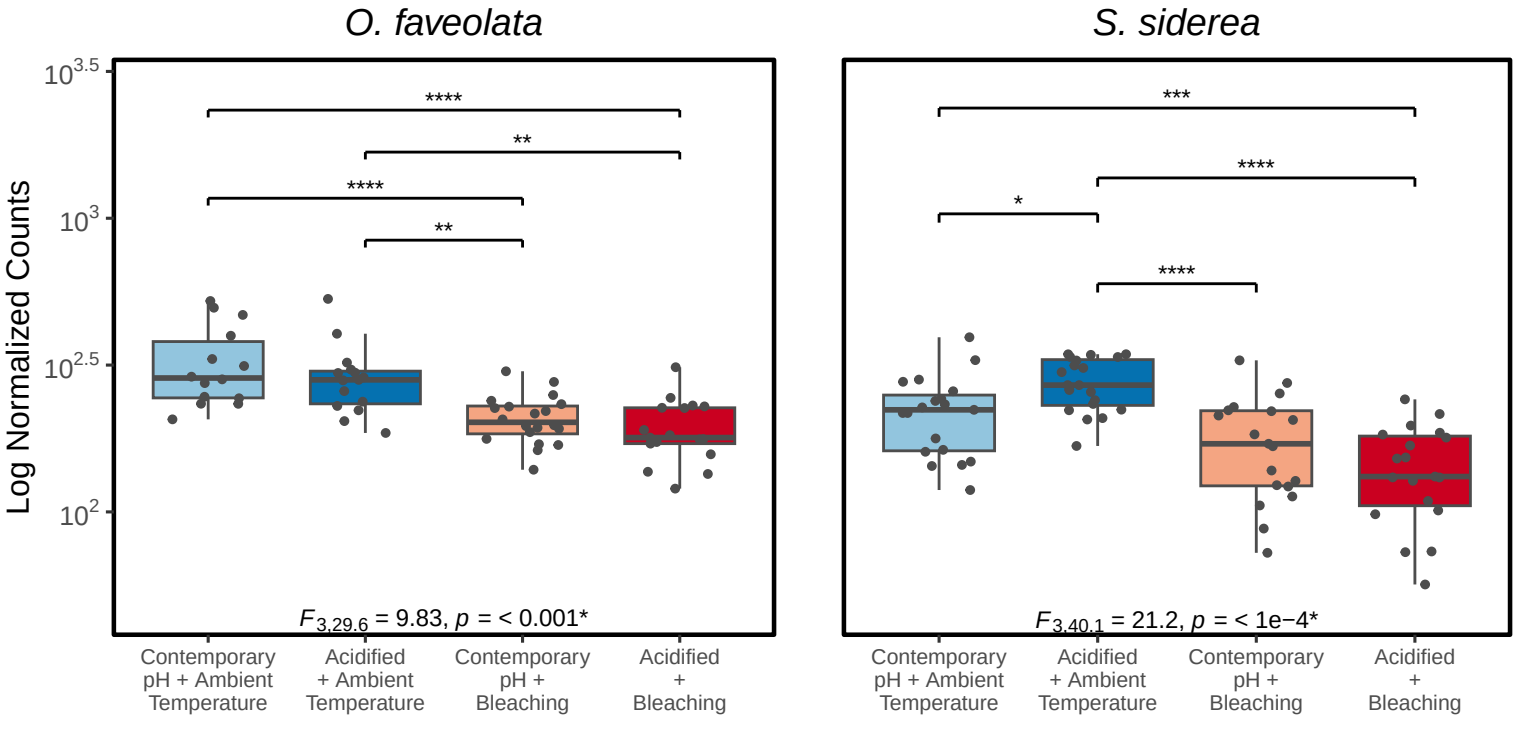
Protein autoubiquitination (OG0011087)



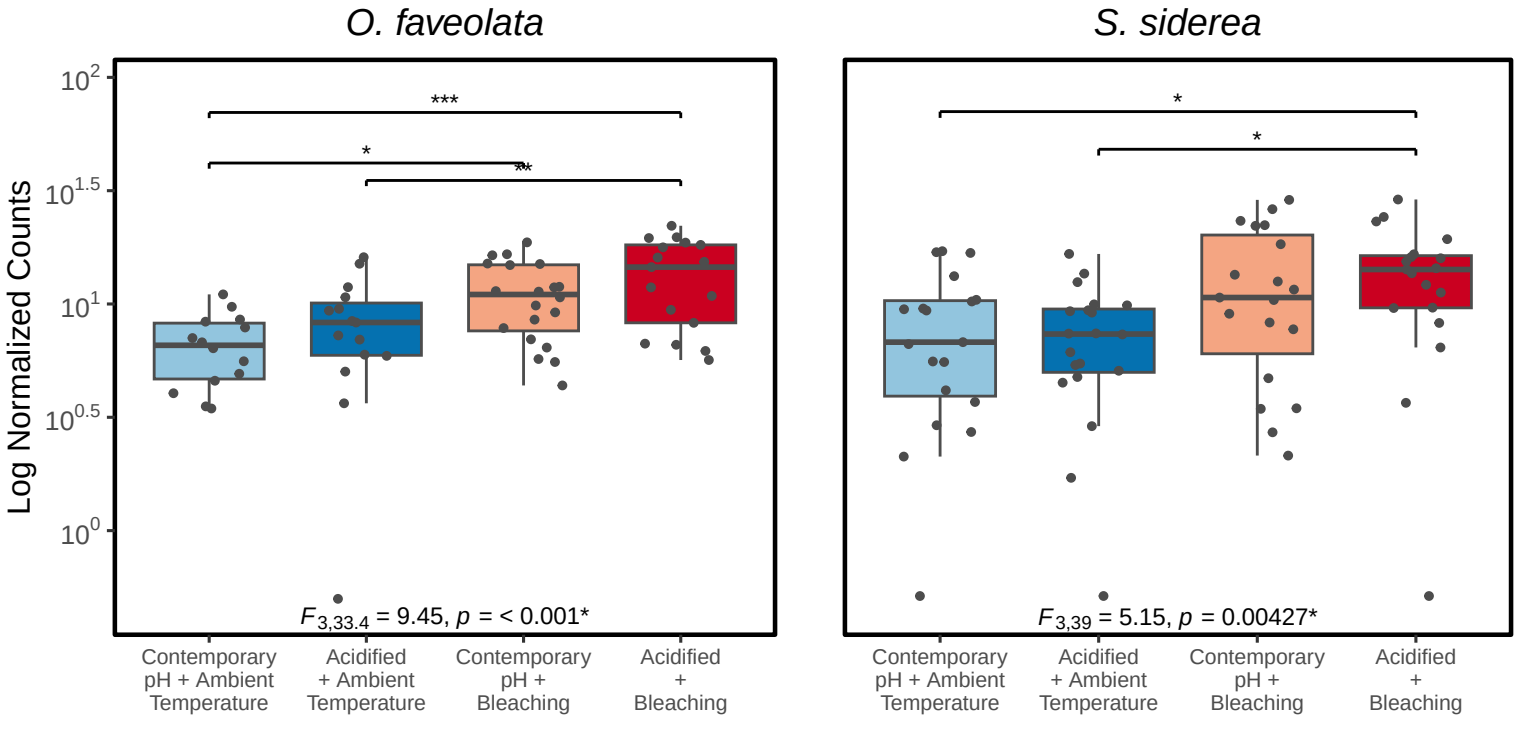
Proteasome maturation (OG0011383)



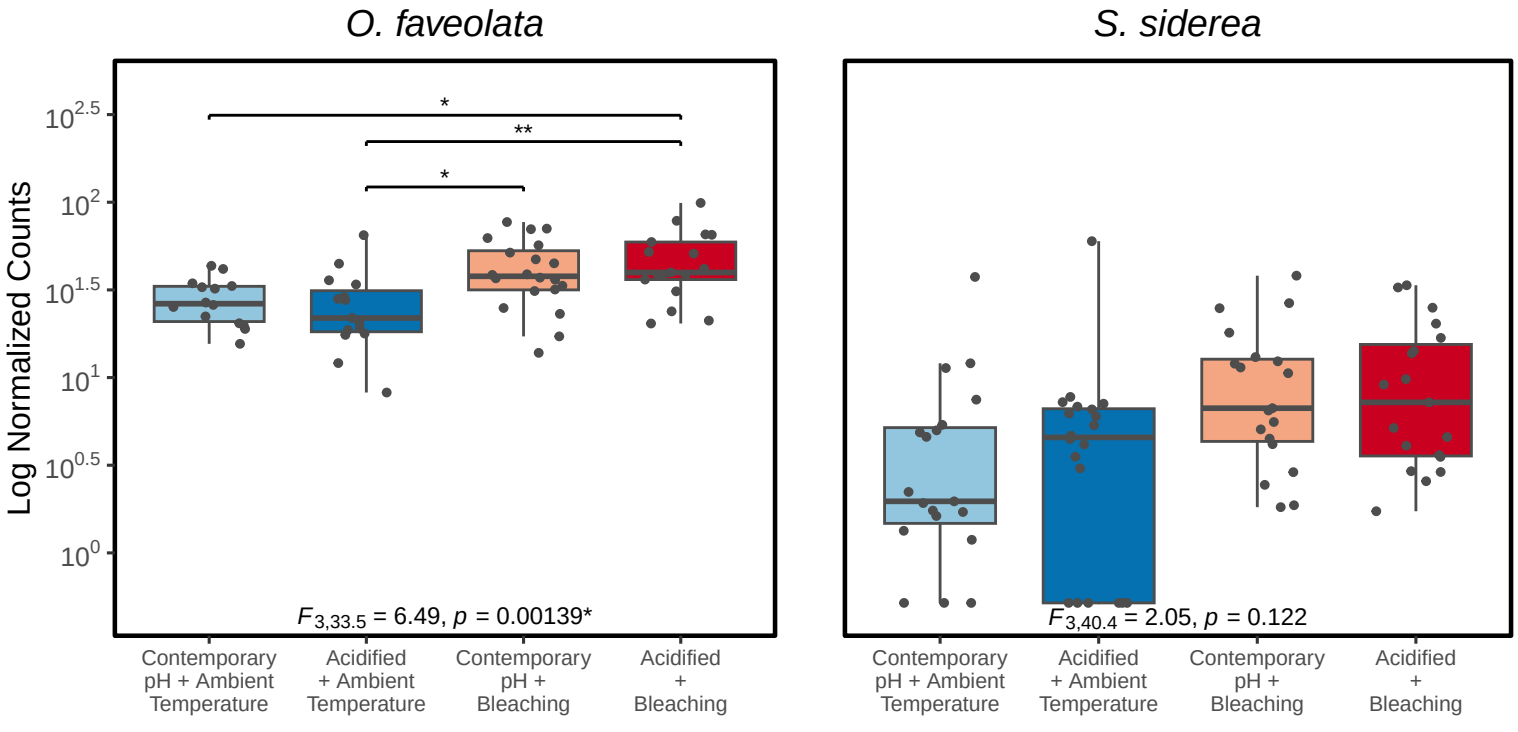
Lys63−specific deubiquitinase (OG0011388)



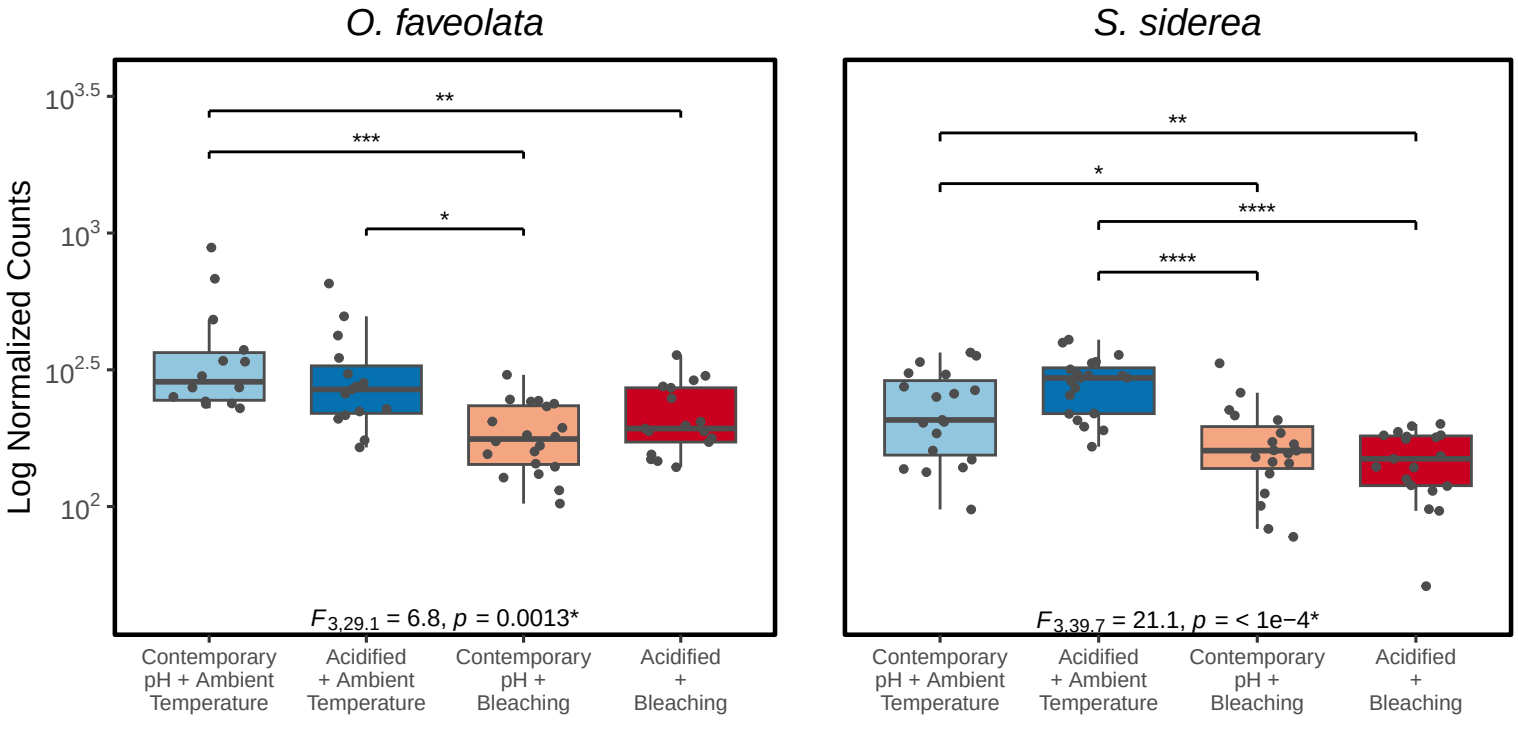
E3 ubiquitin−protein ligase RNF216 (OG0011896)

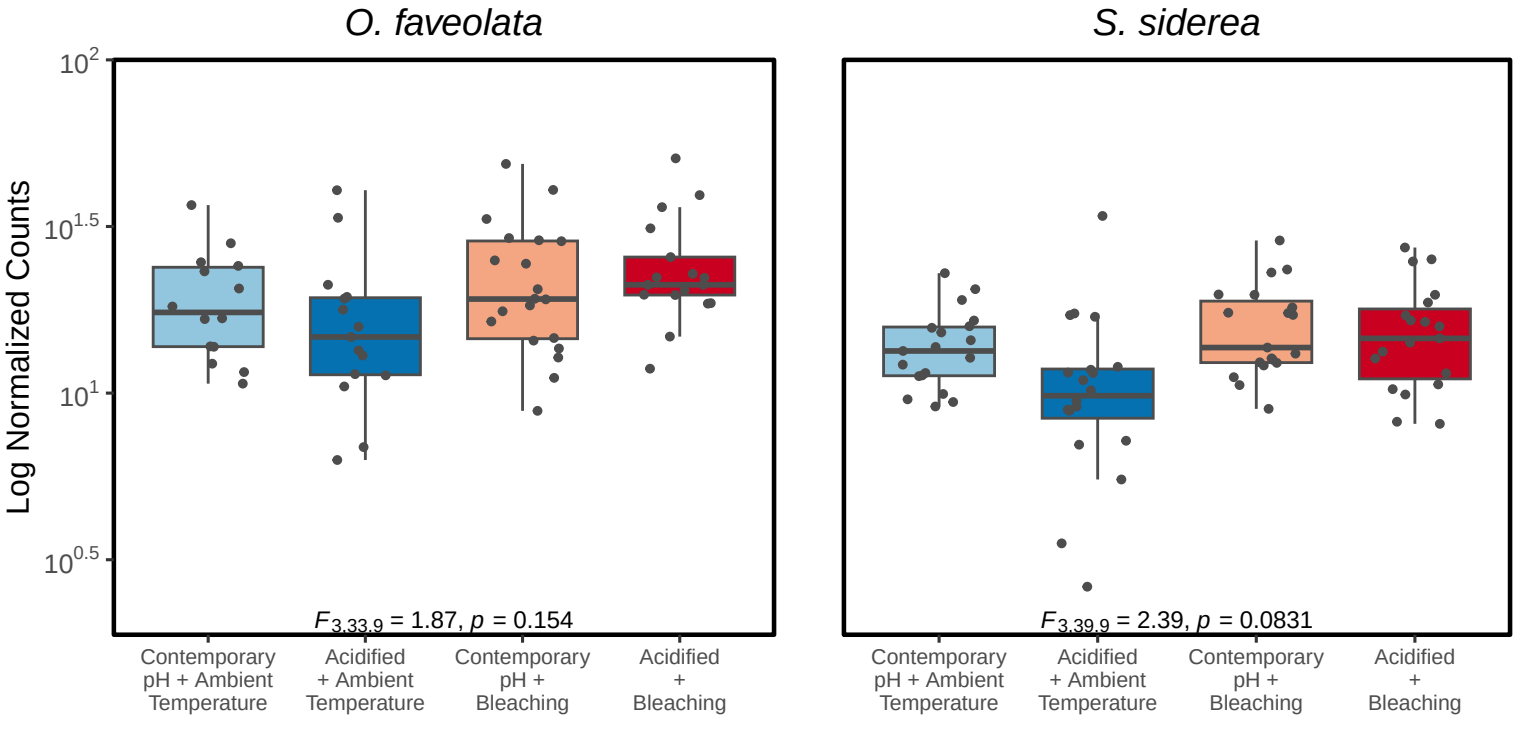


Protein polyubiquitination (OG0012284)



Ubiquitin carboxyl−hydrolase (OG0012573)





Ubiquitin−dependent protein catabolic process (OG0012914)
